VOLUME 42 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, APRIL 22, 1920. | NUMBER 51

HON. BEN F. LOONEY DEFENDS WILSON IN SPEECH HERE

FORMER ATTORNEY GENERAL SCORES BAILEY AND IS LOUDLY CHEERED

Ben F. Looney, former Attorney General and candidate for governor of Texas, spoke in defense of the National Democratic Administration here Thursday night to more than 200 administration supporters in the District court room under the auspices of the Administration Democrats of Milam county.

Mr. Looney's address was confined to national issues. He explained in the beginning that he will refrain from mentioning his candidacy for governor until after the May primaries when delegates will have been selected to attend the San Francisco convention. He is making an active campaign of the state in interest of the Democratic Administration and the election of delegates to the National convention.

Mr. Looney was introduced by Hon. U. S. Hearrell, Mayor of Cameron, who in a few well-chosen words presented the former Attorney General. Mr. Hearrell declared that the attacks being made on the Democratic Party by Joe Bailey and his followers are unjustified and treasonable to the high ideals for which America stands. He also declared that during the late war the former senator was not identified with any worthy effort in behalf of his country and that his silence was the finest sort of aid and comfort to the enemy.

The issues of the campaign at this time as defined by Mr. Looney are altogether national. The former attorney general was given frequent and enehusiastic applause by the audience and this entnusiasm was doubly pronounced when his speech partook of patriotic expressions, praise of Democratic Administration and denunciation of Bailey.

the administration citing in detail Mr. Looney reviewed the acts of the great volume of constructive legislation and the winning of the world war. Among the more pronounced legislative accomplishments of the administration, he said, is the Federal Reserve Bank Act and the farm loan act. This he said gives a fair distribution of finance and has elevated the farmer to the status of a business man and has doomed forever any possibility of financial panic.

Speaking of the war record of the party Mr. Looney called the attention of his audience to the fact that Mr. Bailey is now objecting to the fact that the United States raised a big army. Mr. Looney added that the Kaiser also objected to America raising a big army. He praised the selective draft act as the means by which a great democratic army was placed in the field.

Mr. Looney charged that the question of state rights is not involved in the issues of this campaign; that the liquor problem is a great national evil and therefore cannot be confined to state lines. Loss of liquor and enfranchisement of the women are the chief objections being voiced by Mr. Bailey and his followers, he said.

Mr. Looney defended the expenditurs of the administration showing that although the Republicans have in control of both houses of the congress for nearly two years and despite the recommendations from President Wilson that certain war legislation be repealed, no effort has been made on the part of the Republican to do so.

The League of Nations covenant and the peace treaty were also discussed. The "entangling alliance" cry of the Republicans and Mr. Bailey was refuted by Mr. Looney and the crowd was loud in applause when Mr. Looney mentioned that it remained for a Democratic Presidency to write democracy into the very genius of the world politics and to point the way to a lasting and democratic peace.

PARENT--TEACHERS' CLUB

The Parent-Teachers Club will begin a canvas next week to secure new subscriptions and renewals to the Holland's Magazine. Fifty per cent of the money secured for these subscriptions will be given to the club and will be used for purchasing books for the school library.

Holland's is a clean, wholesome magazine, helpful in every department of the home, and interesting to young and old alike.

The extraordinary offer the management makes our club is $2.00 for three years. Subscribe now and you will receive big value, and, will help earn money for good books for your children's library.

See Batte's Store for Cane Seed before buying elsewhere.

Mrs. A. N. Green spent several days this week in Waco, visiting her daughter, Miss Louise, who is attending Baylor University.

MORE THAN 140 KILLED IN TORNADOES

Birmingham, Ala., April 20.—A death list which tonight stood at more than 140 and a property loss of many millions of dollars was the toll of a series of tornadoes which today swept a score of towns, villages and isolated farms in Eastern Mississippi, Northwestern Alabama and Southern Tennessee.

Communication with many of the stricken districts was difficult, but fragmentary reports agreed that the tornado obliterated virtually everything in its path. In at least one case—that of Ingomar, Miss.—practically the entire town was reported destroyed and in several instances all members of a family were crushed in the debris of its home.

Striking first apparently in Jasper County, Mississippi, about 10 o'clock this morning, the storm swept a narrow path across the remainder of the eastern border of the State, carrying destruction to a dozen or more communities. About the same time, effects of the same, or a similar, disturbance were reported from counties in the northwestern corner of Alabama, the northwestern corner of Alabama, the extreme force of the wind being expended after the Tennessee line was reached in Williamson, Maury and Carroll Counties.

Meridian, Mississippi, reported at least 21 dead in that vicinity, while 20 negroes were killed and a white man fatally injured near Aberdeen, with 3 deaths reported a few miles from Amory, near there. Twelve were killed and 30 injured, some probably fatally, at Deemer lumber camp, in Neshoba County, according to Philadelphia, while Glen reported 10 dead, Ingomar 6, Columbus 5, Baker 5, Bay Springs 5, Rose Hill 6 and Keownville 2 with several fatalities in Bell schoolhouse near Starkville.

In Alabama the rural districts around Sheffield, Gurley, Little Cove and Waco, sustained the full force of the storm and with some sections still cut off, a score of bodies have been recovered.

Across the Tennessee line, 10 miles from Meridian, the storm still had force sufficient to upset residence and farm buildings and to cut a swath through forests and orchards. Only three deaths are known to have resulted in that State, however.

Practically all reports of today's storm describe the local destruction as having been confined to a path measuring from 100 to 500 yards wide, within which the cyclonis wind, when at its heighth, left nothing but the most solid structures standing.—Dallas News.

NOT CLIMATE THAT PRODUCES SINGERS SAYS MRS. SHEPHERD

Betsy Lane Shepherd, the celebrated soprano, who will sing in Cameron on April 27, is very sure that climate has practically nothing to do with genius—at least as regards singers.

"We hear people bemoaning the fact that most of the geniuses of the musical world are the product of foreign countries," says Mrs. Shepherd.

"And then, some zealous writer will raise the much mooted question of when there will be an American Grand Opera written as famous as are those of some of the foreign masters," she continues.

"It is the opportunity to work, to study, that counts, not the country one is born in."

"But what about the balmy climate of Naples and the glorious sunshine of Venice?" Mrs. Shepherd was asked. "Don't you believe that climate effects temperament, and that in turn influences genius? Why, I should think that the sunny skies of Italy, and the beautiful flowery country, and the easy out door life everybody leads would make singing the most natural thing in the world"—the reporter was rather spreading himself you see.

Mrs. Shepherd threw back her head and laughed.

"My friend," she said, "perseverance means more than anytning else in the cultivation of genius—that and an opportunity to work and to study."

Mrs. Shepherd insists that it is a fact that in foreign countries, the state is ever on the alert to render all the help necessary to naturally gifted children, that makes them produce more geniuses.

Mrs. Shepherd's concert on April 27th will be an invitation affair, and it is expected that all Cameron will turn out to greet the famous singer.

Miss Sallie Kate McLane spent Sunday at home, returning Monday to Dallas.

LONGHORN REFINING COMPANY WINS VICTORY IN FIGHT FOR TRADE MARK

WASHINGTON ATTORNEY DECREES NO INFRINGEMENT ON RIGHTS OF FT. WORTH CONCERN.

The Longhorn Refining Company of Cameron has emersed the victor from what promised to be a spirited legal battle over the right to retain its name and Trade Mark according to telegraphic information from George P. Kimmel, patent attorney of Washington, received here yesterday by John Bertrand, general manager of the company.

The spreading horns used as an emblem to denote the name of the company and by which it had become widely known not only in Texas but all over the country, was challenged by the Oklahoma Refining and Producing Company of Fort Worth as an infringement on their trade mark used in connection with their marketing of petroleum products, and for which, the company stated in a communication to Mr. Bertrand two weeks ago, a patent had been applied

The Longhorn Refining Company acting under the advice of local attorneys suspended operations and placed the matter before the patent attorney at Washington. The Fort Worth Company is using as their trade mark the head of a Texas steer yith wide protruding horns as an emblem for refined products. In the telegram received yesterday by Mr. Bertrand from Washington the patent attorney, Mr. Kimmel, declares the Longhorn Refining Company emblem is used only to denote the name of the company and can be patented. The telegram also stated that a full report was being mailed to the local company offices.

An immediate application was filed for a patent and now the local company will be able to retain its original name and trade mark denoting the company .

A communication was received here nearly two weeks ago from the Fort Worth Company protesting that the local company was using an infringement and accordingly the Longhorn Refining Company suspended operations pending the outcome of the issue. Desiring not to infringe upon the trade mark of another concern of similar nature but at the same time to retain its trade mark if possible, immediate steps were taken under the contention that there was no infringement.

The result is gratifyig not only to the Company officials but to their frineds everywhere. All stock sales and advertising were stopped pending the outcome but these will be resumed now that legal permission has been obtained based on the fact that no infringement is possible with the trade mark used according to the Washington attorney.

Mr. Bertrand said yesterday following the receipt of the telegram that the outcome was very gratifying and that immediate steps will be taken to resume operations. Mr. Bertrand is now in touch with capitalists in Indiana and elsewhere who are seeking investment in the refinery here based on the belief that a producing field will soon be brought in.

The fact that a legal controversy was threatened over the retention of this trade mark was known only to a few immediate friends of the company although considerable interest was taken in the fact that the company had halted operations. On receipt of the telegram here yesterday all matters pertaining to the situation was made public and given to The Herald exclusively for publication.

Following is the copy of the telegram:

Washington, D. C.
April 21, 1920.

John Bertrand,
Manager Longhorn Refining Co.,
Cameron, Texas.

The word Longhorn together with design of the Long Horn of either the steer or elk could be registered as Trade Mark. It would not be an infringement of a steer's head as alleged. Report mailed nineteenth.

George P. Kimmel.

ALL SAINTS EPISCOPAL CHURCH

Service Sunday next at 7:30 p. m. We expect to have with us Right Reverend C. S. Quin, Bishop Coadjutor of the Episcopal Church in Texas.

Bishop Quin is one of the ablest administrators and most eloquent Bishops in the Church today; we give a hearty invitation to our neighbors and the public generally to hear him.

W. E. Phillips, Ph. D., Rector.

This meeting is for the churches among the white people. Other provision will be made for the co-operating churches among the colored people.

If you want good Sane Seed go to Batte's Store.

FACTS CONCERNING OIL

(By V. Aston of Tracy-Maysfield Oil & Gas Company.)

The American public is interested in the greatest American industry—oil. It is your interest and ours. We stand ready to drill the wells and take from mother earth the greatest mineral, and the one on which vast fortunes are made—oil.

You should know about this wonderful industry and we are going to tell you something about it.

Of course, the more we learn about drilling for oil, the more we know, how little we know.

Our geographical reports are of such a nature that we are not a wild cat company.

By wildcat we mean, as you no doubt know, just selling stock and drilling most anywhere. Instead we went to the trouble of gettin the best report on the formation, on which our derrick is placed for the deep test at Maysfield.

We were not satisfied with one report and got several. You know as well as we know that our tracts at the Tracy field are in proven territory. We know they are good for at least three or four barrels a day, and that at $3.50 to $5.00 a barrel runs with real money.

We wish to impress on your minds and to tell you over and over again that the small stockholder will receive his portion in dividends as well as the heavy stockholder. This is your guarantee that the Tracy-Maysfield Oil & Gas Co. are working for material benefits, yours as well as ours. We are selling stock to you, not to drill one well, but several wells, and our acreage is not in one block, but in three and two tracts are in a proven field and one in a location that is very good according to geological reports. We know we will have steady producing wells in two of our tracts, which insures expenses, machinery and some dividends and in the Maysfield tract, where our deep test is, the tract in which we have every reason to believe, from the reports of the ground and the formations together with experienced drillers and oil men's opinions, we will strike the gusher. Then, too, we thought you are able to drill these wells and give the world one of its greatest needs—oil. When one considers the amount needed for the railroad, which is estimated at 80,000,000 barrels a year, the automobile, the airplanes and I could go on to give you a list at quite a length, but you already know the uses of oil and how fast it grows into real money.

You know probably that the oil is sold f. o. b. well, the refinery has pipe lines to the well through which the oil is carried to the refinery. The refinery pays for the pipe lines to carry this oil from the well. We have to build storage tanks to hold this oil for the refinery.

When people are thinking of making fortunes it is best to get in some line which will, while helping you, help the world..

This is our home, the world, and we should make it as good as we can as well as helping it to produce the minerals which are stored in mother earth for man's pleasure.

In the olden days our people traveled in buggies and on horseback and probably were all day going a short distance and were tired out. They knew very little concerning the world outside of a radius of, say 100 miles from their home.

Today, we have automobiles, and traveling is delightful. We can get in the machine and pack the lunch probably in the hamper on the rear of the car, and go from one town to another or to see the places of interest to us or can go from one side of the continent to another, to the ocean, to the mountains, to the caves, to Yellowstone National Park, to the cities or to the country, or who loves anything better than a fishing trip, along some beautiful river or creek, and what has made this possible? Why oil, for without oil you could have no gasoline, then, too, the airplane. When our boys were in France during the world's war, the airplane sure played its part and added more than words can tell in winning the greatest as well as the most terrible war in history. We think the war was terriably long, but if it had not been for the motor cars and airplanes and gasoline, which made these possible, we would still be fighting and our boys would be in France today.

When we know or have some idea of the amount of oil needed in the world it behooves us to keep adding to the most wonderful of industries.

SOLDIER BONUS BILL TO BE READY MAY 1.

Tax on Merchandise Sale Regarded as Best Means of Raising Revenue.

Washington, April 19.—Republican House leaders today tentatively agreed to prevent a soldier relief measure to the House about May 1.

Besides carrying cash compensation the bill will include alternative offers of priority in land settlement, home building and extension of vocational training. Two plans for adjusted cash compensation have been submitted, one granting $1 for each day's service and the other authorizing payment at the rate of $1.25 for each day, with no payments for the first two months of service. Under the latter plan, members said, those exempted because their service was less than sixty days and those serving for a longer period would be treated impartially, no payments being authorized to any one for the first two months' service.

It is proposed to begin cash payments on Jan. 1, 1921, continuing in quarterly installments. A tax on gross sales, it is said, probably will be the plan to be adopted by the committee to raise necessary revenues. Democrats, however, oppose this, desiring to present some legislation imposing further taxes on excess war-profits. Some Republicans will also oppose the imposition of a sales tax.

The subcommittee considering the most adaptable method of raising revenues to pay compensation has not decided on any definite plan. Two alternatives are before the committee, the first a tax on the sales from the retailers to the consumers and the other a tax on all "turn overs" that is a tax on each resale from the producer to the ultimate consumer.

Mr. Mitchell, County Engineer and Hon. W. G. Gillis went to Austin, Monday of this week to appear before the State Highway Commision asking for assignment of aid on two sections, Sap Highyay No. 44 and one section of the Ben Milam No. 36. W. O. Newton, C. M. Beard and E. A. Camp also attended the metting on the same proposition. Aid was assured on the three projects aggregating $58,000.

CLARION CALL MADE TO THE COUNTY DEMOCRATS

Dr. John L. Denson, Chairman of the National Administration Democratic Executive Committee of Milam County, in an official statement today to the Democrats of Milam county call attention to the Presidential Primary Conventions to be held at the various voting boxes on Saturday, May 1.

The statement is an appeal to every Democrat in Milam county to attend these conventions and to support the Democratic Administration. The statement is as follows:

To the Democrats of Milam County:

The Presidential Primary Conventions will be held at the various voting boxes on Saturday, May 1, 1920. Every Democrat should attend. The party success is at stake. Enemies of of Democratic success are seeking to repudiate and discredit the achievements of our National Adminstration during the past seven years. These men will endeavor to control our box conventions on May 1st, and elect delegates to the County Convention in harmony with their views. If they succeed in electing enough delegates to the County Convention to control it they will send an anti-administration delegation to the State Convention and from the State Convention to the National Convention.

What can Democrats hope to gain by repudiating our National Administration?

If we thus proclaim to the world that the Democratic party has failed in its hour of opportunity, it would be another 50 years perhaps before the nation would again trust us.

A survey of the record above, that more real constructive legislation has been enacted in the past seven years than had been accomplished in the previous half century.

A repudiation of this record would be party suicide.

Loyal Democrats will not be misled by the man who seeks to sow discontent.

We are on the verge of a National election and all true democrats are urged to put aside any petty differences that may divide them and unite in a solid front to oppose those who would disarm us and leave us to the mercy of our political foes.

Let all qualified Democratic voters, men and women, go to the box Conventions on Saturday, May 1, and say in no uncertain terms that they endorse and apprcve an administration whose record in peace and in war has made one of the brightest pages in American history.

JOHN L. DENSON,
Chairman, National Administration Democratic Executive Committee of Milam County.

MISSISSIPPI STORM KILLS A NIECE OF CAMERON DOCTORS

DRS TOM AND JOHN DENSON GET MESSAGE OF DEATH OF MRS. MILDRED OATS.

A telegraphic message received in Cameron Tuesday by Dr. John L. Denson and Dr. Tom Denson, announced the death of their niece, Mrs. Oats and her one year old baby, who lost their lives at Bay Springs, Mississippi, in the great tornado which swept three states.

Dr. Tom Denson and Mrs. John Denson left Cameron early Wednesday morning over the Santa Fe for Bay Springs, Mississippi, to attend the funeral of their niece and baby and to pay their respects to the family in thir bereavement.

The message gave no details of the tragedy and nothing is known of the death of the mother and baby except that their bodies were found among the dead toll of the storm.

Wednesday morning the death list had reached 140. The tornados swept Alabama, Mississippi and Tennesse. Communication with many of the stricken district has been very difficult but from meager reports received it is agreed that the tornado obliterated everything in its path.

The people of Cameron wil learn with deep sorrow the grief that has come to Drs. Tom and John L. Denson in the loss of their niece and her baby.

JEFF ROGERS CHAPTER

The Jeff Rogers Chapter, U. D.C., observed Memorial Day on Saturday, April 17th.

Flags and flowers were placed on the graves of all the soldier dead, United States flags marking the resting places of those who served in the Union armies, and Confederate flags the lowly beds of the veterans of the Lost Cause.

Graves decorated for the first time were those of Dr. T. A. Pope, L. W. Carothers and W. M. McCall, who served in the Mexican war and in the civil war.

Loving tribute was also paid to the memory of three young men who trained for service in the late war, Edwin Hardy, George Lutner and Lawless Green.

Four Confederate veterans were present, Messrs. Andrew McLane, J. E. Reno, M. W. Mitchell, and Captain W. S. Riggs.

Choice Peagreen Alfalfa, car just unloaded.—C. N. Green & Bros.

THORNDALE LEGION PLANS CELEBRATION

COM. HEFLEY WITH COMMITTEE PLANNING PROGRAM AND INVITING SPEAKER

Commander Jeff D. Hefley, Jr., of the Thorndale Post of the American Legion, was in Cameron Monday. Commander Hefley announces that Thorndale Post is preparing for a big celebration to be held in that city in the early part of July.

Already considerable progress has been made on the arrangements. Public speakers, including United States Senator Morris Sheppard, have accepted the invitation of the Post to attend the celebration. An invitation has been extended to Major General Dickman, commander of the Southern Department to be present.

An elaborate program is being arranged and Commander Hefley announces that it will be made public as soon as it is completed.

The celebration will be one of the largest and most enthusiastic ever held in the county and will have patriotic as well as political features to interest the crowds. Preparation is being made for a big attendance and several counties adjoining are expected to join in the celebration .

DEATH CLAIMS PIONEER

C. H. Smith, who resided with his son, Bonie Smith, in Rosebud, died last Monday, April 19th, and was buried Tuesday in the family cemetery in Bell county.

Mr. Smith was born in Alabama in 1844, and moved to Texas when 14 years old. He has resided here ever since. He was the father of seven children, five boys and two girls, all of which survive him. His wife preceded him to the fairer land, having died about four years ago.

Mr. Smith was the father of our fellow-townsman, Eugene Smith.

Phone us your order for Alfalfa and Feed Stuff.—C. N. Green & Bros.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

MISSIONARIES GET SALARY INCREASE TO MEET H. C. L.

New World Movement Will Provide Funds to Relieve Distress of Workers in Foreign Fields

In Egypt and India, the lands of few clothes and simple living, missionaries have been hard hit by the increased cost of living and the announcement just made by Mrs. J. D. Sands of Pittsburgh, Pa., president of the Women's General Missionary Society of the United Presbyterian Church that an increase of one-third will be granted in the salaries of all home and foreign misionaries will be welcomed by the hundreds of workers of this denomination in Africa and Asia, as well as America.

The high cost of living has hit the missionary in common with every one else and workers in the home and foreign fields have protested to headquarters that they cannot live on the $600 yearly that each one now receives. Missionaries in addition to their salary get living quarters.

The increase will affect 105 workers in India, Egypt and the Sudan as

MRS. J. D. SANDS

well as the home missionaries and those in the work for the freedmen's board.

The summary of the foreign budget of the women's missionary society for the five year program planned by the New World Movement calls for the expenditure of $1,054,800 for salaries alone for the mission workers. It is planned that $210,000 will be spent for increases in salaries of 105 women missionaries during the five year period and $844,800 will be spent for salaries for 202 additional women workers that the United Presbyterian Church hopes soon to be able to put into the home and foreign mission fields.

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D. Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than $20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who sailed for Egypt last fall and early this spring will remain at Benha for one year while they are studying the language.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the $300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of $229,000 and one sanitarium to cost $96,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of $625,000.

This sum will be apportioned from the $16,715,000 fund that the United Presbyterian Church will raise during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 5 to May 2.

CITATION

THE STATE OF TEXAS
To the Sheriffor any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation ince in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texas, and a part of the Juan Jose Acosto survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and Annie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quiting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your reurn thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this the 6th day of April A. D. 1920.

PENN WOLF,
49-4t Clerk of the District Court, Milam County, Texas.

"BAYER CROSS" ON ASPIRIN

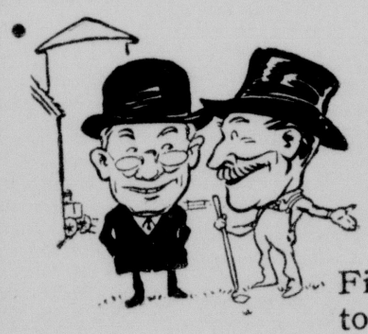
Always Ask for Genuine "Bayer Tablets of Aspirin"

BAYER

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fradulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else!....Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacideste of Salicylicacid.



100,000 to 1

Five months ago we first called your attention to the *opportunity* of obtaining a great weekly farm *service* for less than 2 cents a week. Meanwhile through 1600 different newspapers, 1600 other progressive banks all over the country have likewise been telling their friends and patrons about this great *opportunity*. During these five months MORE THAN A HUNDRED THOUSAND "new" farmer-readers have accepted the *opportunity*—have sent in their dollar subscriptions—have assured themselves for a whole year ahead of getting all the helpful, entertaining things that will reach them through

The COUNTRY GENTLEMAN

Are you one of the 100,000? If not, the odds are 100,000 to 1 that you ought to subscribe NOW.

5¢ *the copy everywhere*

We'll tell you about modern *banking*. THE COUNTRY GENTLEMAN will tell you about everything that vitally affects your *farming* business. We might keep on forever printing "make-it-easy-to-buy" coupons—but we won't. For why should you delay longer? Sooner or later you'll subscribe and then, like the 600,000 other farmer-readers, you, too, will say, "I wouldn't be without THE COUNTRY GENTLEMAN." If you have an account here, instruct us NOW to charge it $1.00 for a year's subscription. If not, send in *today* your dollar, with the coupon below. Or, come in and get acquainted.

FIRST NATIONAL BANK
Capital and Surplus, $125,000; A. N. Green, President; H. H. Hefley, Cashi

Gentlemen:
(1) Because you know me, enter my name for THE COUNTRY GENTLEMAN for one year and charge the cost, $1.00, to me; or
(2) Here's my dollar. I want THE COUNTRY GENTLEMAN. Send it to me.

CAMERON ORGANIZES "OVERALL CLUB"

Responding to the overall movement as a protest against the high cost of living, citizens of Cameron have organized and "Overall Club."

The following petition has been circulated and signed by citizens of Cameron:

Cameron, Texas, April 16, 1920.—We the undersigned citizens of Cameron, in view of the unprecedented high prices of woolens, silks, satins and linens which are constantly increasing and in view of the fact that we live in a country of cotton and that we possess, and are able to obtain but a small number of dollars, and of the pressing necessity of living within our means, here join the "Overall Club" and pledge ourselves during the Spring and Summer to wear Cotton Clothes:

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that an election be held on the 24th day of April A. D. 1920, at Val Verde School House in Common School District No. 1 of Milam County, Texas, as established by order of the Commissioners' Court of Milam County, Texas, of date the .....day of....., 19..... which is of record in Book....., page .....of the minutes of the Commissioners' Court of Milam County, Texas, to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to $50c on the $100 valuation for the purpose of supplementing State school funds apportioned of said District and to deter mine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

I. E. Whittington has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days afer said election has been held make due return thereof to the Commissioners' Court of this County as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballots the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballots the words:

"Against increase of school tax."

Said election was ordered by the County Judge of this County by order dated on the 31st day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 31st day of March A. D. 1920.

L. L. BLAYLOCK,

INTERCHURCH MASS MEETING APRIL 27

As a special feature of the County mass meeting of the Interchurch Movement to be held in this city on April 27 at First Methodist Church and addresses will be made to the young people of the churches co-operating in this great movement of Christian idealism. A Life Enlistment meeting is being arranged,which will probably take the form of a dinner or plate luncheon at which the young folks will be urged to think seriously of giving their lives for Christian service, either at home or in foreign lands. This is particularly necessary in Texas where it is stated that the young people have not been as zealous in engaging in Christian work as in other states. It is believed that this is largely due to the lack of stress placed upon Life Enlistment by the religious leaders. In eight Texas counties with a total of nearly 43,000 population only fourteen young people have entered the Christian ministry or other religious work during the past fourteen years, according to facts discloced by the rural survey department of the Interchurch. It is planned to greatly increase this number of Christian workers among the young people and for this reason Life Enlistment will be stressed at every county meeting.

The county mass meeting in this city will take place at the First Methdist Church in Cameron and will be conducted by team number 11, headed by Rev. C. E. Robinson of Port Arthur commencing at 10 o'clock and with an afternoon and evening session at 2:30 and 7:30 o'clock. Young people's meeting is being arranged for either in the afternoon or evening session and all high school students and officers of Sunday Schools will be especially invited.

—o-o—

NOTICE

IN ACCORDANCE WITH the PROCLAMATION of the GOVERNOR OF THE STATE OF TEXAS dated March 5, 1919, MILAM COUNTY TEXAS is placed in a SPECIAL QUARANTINE AREA for the purpose of the eradication of the cattle fever-tick. All parties are warned that it is unlawful to ship, drive, drift or to permit the shipment, driving or drifting of any cattle, horses or mules into, from, or within MILAM COUNTY, TEXAS without the written permit of an inspector of the LIVE STOCK SANITARY COMMISSION OF TEXAS. The penalty for violation of this law is not less than $1 nor more than $5 per head for all live stock so shipped, driven or drifted or permitted to be shipped, driven or drifted.

Authority for this NOTICE is contained in Senate Bill No. 108 and House Bill No. 51 of the Acts of the Texas Legislature in 1917.

—By Order of the—
LIVESTOCK SANITARY COMMISSION OF TEXAS

Fine Steels form the Sinews of a MAXWELL

Everything that is built to endure must have fine sinews.

A great ship, a giant locomotive, a huge bridge, a gigantic building.

Search for the sinews in a Maxwell and you discover new steels, fine steels, special steels, steels manufactured to Maxwell's own formulae.

Steels, for instance, that make possible that rare combination of extreme lightness and brute strength.

For a Maxwell is made to be light in weight. Its mission is economic transportation.

Any superfluous pound to carry around means so much more cost of operation.

But the great problem was to get steels of rare quality and great strength.

They are found in a Maxwell in axles, shaftings, gears, frame, crankshaft, connecting rods, etc., etc.

They equal, pound for pound, the steels to be found in any car made.

Costly as they are, they repay their price many times over in the lifetime of a Maxwell.

They save. They pay dividends of satisfaction.

They make friends. They are responsible for that rapid rise of Maxwell the world over.

Nearly 400,000 now in use; 100,000 more in process of construction; and fully 40 per cent of those who have decided upon a Maxwell as their first-choice car will not be able to get one this year—so overwhelming is the demand for this remarkable car.

A. B. Watson to R. L. Hale, $30; 94 acres out of the T. J. Chambers grant in Milam county. Said lease to remain in force for five years.

—o-o—

COUNTY INTERCHURCH MASS MEETING

Thursday, April 27th

On Tuesday, the 27th, will be held in the First Methodist Church the first meeting of the kind ever held in Cameron or in Milam County. It will be the County Mass Meeting of the Inter-Church World Movement. This will be one of 3000 such meetings being held over the whole land, and one of some 200 being held in Texas. Team No. 11 consisting of four ministers and one woman worker will lead in the meeting. The sessions will begin at 10 a. m., 2:30 p. m. and 7:30 p. m. There will be a special meeting for young people from 4:30 to 7:30. This will come probably at the Presbyterian church and will be an effort to lay before our young people the obligation that is theirs in this great work of reaching all the world with the message of the Kingdom.

Pastors of co-operating churches should see to it that they have their people out for this meeting. We are going to have some great facts laid before us. And all Christian people and those interested in a better age to come are invited. No matter what your opinion may be the Movement facts cannot hurt you and this is no more than an effort to get the facts before the people of Milam county.

People outside the town are especially invited. There may be a big crowd in town. We suggest that you make up parties of your church people and that you bring a lunch and meet with the rest of us who will be doing the same, in the city park, and so make the noon hour a time of social fellowship. It will be a fine time for Christian people to get acquainted.

H. R. MacFADYEN,
County Convener.
Cameron, Texas.

COTTON CLASSING DISCUSSED IN LETTER BY OLA AYCOCK

Cameron, Tex., April 21, 1920.
Cameron Commercial Club,
Cameron, Texas.

Gentlemen:

Sensing what seems will result in serious loss to Texas cotton farmers in the present movement for classification of the 19920 crop permit me to call your respectful attention to our State Warehouse, Ginning and Marketing laws and rules governing same.

That part relating to ginning provides a ginners' bond for the correct and fair sampling and marking of each bale. Also rules for warehousing, classified grading, warehouse receipts, etc.

These laws being permissary both as to warehousing and selling by the farmer (left optional with the farmer as to his choice of selling by ginners' sample; or by letting the speculator cut sample on one or both sides) if not properly understood by the farmer cancels and nullifies the law made especially for his benefit and protection.

The U. S. permissary law hold as to warehouses—they can bond or not as they choose. A warehouse receipt from one not bonded; has not the protection and negotiability of receipt as attaches to one properly bonded.

In our classification meeting this year and last, it seemed to be the prevailing opinon that sampling in the old way was advocated.

This admitted loss of 30 pounds per bale, worth now 30c per pound, entails a loss to Milam county alone this past season of $378,000.00 and for the State at an approximate 2 million bale crop, 27 million dolars.

I appeal to your high sense of honor as men, not to idly stand by and see your neighbor fleeced of his reward.

Let's be bigger than that. To the credit of our merchants, will say they tell me they will take ginners' sampling.

The farmer with the help of the business man can accomplish much good.

All well informed men know of the petty and jealous row now going on between our A. & M. Extension Service and our Agricultural Department at Austin as to "who shall be greatest" (this unsettled question has been running since apostolic times).

I have no fight to make on either; both have their fields of usefulness.

Personally, I shall co-operate in the fullest way with your honorable body. Let's be men; let's not stand hitched to any proposition that skins one man for another—what say you?

Believing the county press to be the best medium of exchange of iedas, I am sending this to The Cameron Herald with request that all county papers copy.

Very respectfully,
OLA AYCOCK

THE STATE OF TEXAS

To the Sheriffor any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation ince in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texto survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and Annie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quiting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your reurn thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this the 6th day of April A. D. 1920.

49-4t PENN WOLF,
Clerk of the District Court, Milam County, Texas.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that an election be held on the 24th day of April A. D. 1920, at Val Verde School House in Common School District No. 1 of Milam County, Texas, as established by order of the Commissioners' Court of Milam County, Texas, of date the .....day of....., 19..... which is of record in Book....., page .....of the minutes of the Commissioners' Court of Milam County, Texas, to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to $50c on the $100 valuation for the purpose of supplementing State school funds apportioned of said District and to determine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

I. E. Whittington has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days afer said election has been held make due return thereof to the Commissioners' Court of this County as is required by law for hoiding a general election.

All persons who are legally qualified voters of this State and County and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballots the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballots the words:

"Against increase of school tax."

Said election was ordered by the County Judge of this County by order dated on the 31st day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 31st day of March A. D. 1920.

Chairman Milam County Bailey Club.

OAKDALE NEWS

By Mrs. S. Hause

Last week Mrs. Batey got very sick and had to have a doctor. Of course they had the doctor from Milano. She wrote her daughter that lives at Meeks, and Saturday she and her husband came, Mr. and Mrs. Sterling Childress. Then Sunday evening the children went to the mountains and some pictures were made. Later Mrs Lettie Shelton went back to her school at Hoyte, which will be out about the 29th.

We have a nice norther this, Monday morning.

Mr. Bethard and two daughters Misses Bessie and Ethel, were in Cameron Sunday.

There were several men in our part of the community who went to the river Saturday to see if they could get some fish to eat. There were Messrs. Wimberley, Frank Fasel, son Frank Ray Thompson and his brother; then later, after going to Cameron, Mr. A R. O'Neal and Roy Hawbaker stopped with them.

Mr. and Mrs. H. B. Pressley and children of Hoyte, spent the evening Sunday with her uncle, Mr. John Ford, near Prospect; they said they were in a hurry to get home for they had three hundred little chicks to put up.

Mrs. E. P. Garner had her husband and daughter and three children, Mr. and Mrs. Schulenburger, of Waco, as guests from Friday evening till Sunday morning.They came through in their car.

Mr. and Mrs. Add Hall and little son, Arthur Monroe, of Marak, stopped a little while on their way to his father's, Jim Hall, at Sandy Creek. He had not been there in several months.

Mr. and Mrs. Mike Taylor and his fatner were in Cameron Saturday trading.

Mr. and Mrs. A. L. Chatman went Saturday morning to Ad Hall to his father's. All the family was there and had Mr. Beach out there Sunday evening to take a family group.

Sunday morning Mr. and Mrs. McDonald of Cedar Creek came to see their daughter, Mrs. A. L. Chatman, but found them gone, therefore they went back home.

Messrs. Theo Aschenbeck and Hugh Wimberley were in Cameron Saturday.

There were several from this community who went to Milano Saturday evening.

Mrs. Edna Triggs of Denton spent the day with her nephew, Clyde Hensley. She was on her way back from Waco where she attended a Democratic meeting. Most everyone knows Mrs. Triggs, as she used to be one of our best teachers.

Mrs. Fannie Baulkum of Tom Green came Saturday to see her niece Mrs. Clyde Hensley. She was on her way from Leon county where she had been to see her mother. Sunday morning Jimmie, Verner and Ethel Angel from Watts Switch, came in their car after and she accompanied them back Sunday evening.

Miss Lola Evant, principal of the Hoyte School, got a chance to visit home folks Friday in Rosebud.

Miss Florence Skedhule and brother of Belmena, came to see the Emmons family Wednesday, and before she had there long some one said let's have a dance to-night, so they proceeded to get a crowd and had their dance.

Mr. Ernest Cook and one of his friends went Friday night to a dance at Hanover.

Mr. Mobley got Mr. O'Neal to go with him to Rockdale Thursday to meet his father who is 81 years old.

I will not try to compete with the writers of "trade at home," but will say that it is the right thing. I always do that because I think it right and then I want to see what I buy, if I have to pay more for it than some of the people who send away for what they want. They seldom get just what they want, and then they have to send the money, and if they do not have what is sent for, they lose their postage, for the check is sent back; then they have to pay to have it sent to another house to get what they want so I trade at home where we know our merchants.

I wonder if there is a lady in Cameron that does hemstitching on nice material. I want to get some done and hate not to trade at home.

—o—

BAPTIST CHURCH ANNOUNCEMENTS

A large company of young people assembled at the Baptist church Monday night and organized "A Junior Choir." From the way these youngsterssters went into this movement, can easily be hoped that there will soon be marked improvement in the music of our church services. Mrs. Lay is director of the choir and Miss Ruth Sprinkel is organist. They will meet for practice Monday night each week, All young people of our church are cordially invited to join the Junior Choir.

All the services in our church were good last Sunday. At the evening hour Dr. Webb brought us a great message which was heartily received by the large audience made up of the various churches.

Both the Junior and the Senior Unions are doing good work under the splendid leadership of Mrs. Cox and Miss Gladys Walker. We urge all our young people to join one of these organizations. The Sunday School shows signs of increased attendance and greater interest. The pastor will speak at both services next Sunday. A hearty welcome awaits you at our church.

B. B. BLAYLOCK, Pastor.

More Outlets---

MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any applianee without the bother of removing light bulbs, or to use two appliances at the same time if desired.

LET US ESTIMATE.

WEEKLY FINANCIAL REPORT

Our financial situation as reflected by the condition of the Federal Reserve system shows some apparent improvement for the past week. The reserve ratio on April 9th again recorded an advance over the previous week. The reserve ration of last week was 43.3 per cent, showing a gain of .4 of 1 per cent over the previous week. Loans showed a slight reduction. Our gold holdings increased somewhat as a result of recent gold imports. Federal Reserve note issues, however, continue to expand. Our outstanding Federal Reserve notes are now at the peak, their total being $3,080,217,000; at this figure they stand about $20,000,000 above the maximum reached in 1919.

For several months past the Federal Reserve Board has been trying to curtail the rediscount activities of member banks but without apparent avail. With the enactment of the Phelan Bill by Congress news powers are conferred upon the Board for the purpose of enabling it to more successfully combat excessive rediscounts by members banks. This measure gives the Board authority to charge higher discount rates to banks seekrediscount accommodation in excess of a quota which the Board is given power to fix. The Reserve Bank of each district is given power to establish on some uniform basis the rediscount quota to be allowed each bank under its jurisdiction. Some percentage of each bank's capital and surplus will probably be used as the basis upon which the normal discount rate will be granted. Rediscounts in excess of this quota can be made only at increasingly higher rates. While the basis for determining a bank's quota may vary in the different districts it will be uniform within each district. Whether this law will solve the problems that has confronted the Federal Reserve Board remains to be seen.

HOBBY PROTESTS MOVING TROOPS THROUGH TEXAS

Austin, April 19.—Vigorous protest was made to the Washington Government today by Governor W. P. Hobby against the movement of Mexican troops over Texas soil in a telegram sent to Secretary of State Bainbridge Colby.

The Governor wired:

"In view of reports that request has been made for permission of the Government of the United States to transport troops from Mexico across territory of the United States I desire to reiterate the protest made by me when a similar request was formerly made to our Government and to say even more emphatically that I am unalterably opposed to the movement of Mexican troops over Texas soil since it would endanger the lives and property of American citizens living on or near the border between Texas and Mexico."

HOBBY MAY CALL SPECIAL SESSION FOR MAY 25th

Austin, April 19th.—While the exact date for the convening of the special session of the Thirty-sixth Legislature by the Governor has not as yet been indicated, it is the general impression here that it will be Tuesday, May 25. The Governor has merely said the lawmakers would be called the "latter part of May."

There are several vacancies in the Legislature to be filled, and special elect ones have been called in the counties where these vacancies exist, for May 15, so there will be no session before that time.

Governor Hobby is on a campaign tour of the State in the interest of his candidacy for delegate-at-large to the National Democratic Convention, and is not expected to return to Austin until May 1, when the precinct conventions are to be held to select delegates to the county convention.

No intimation has been given by the Governor as to whether the special session will be confined to the consideration of the pink boll worm problem, or whether other matters will be submitted for consideration. In the event other matters are submitted, it will mean a thirty-day session.

22 PERSONS KILLED IN ARKANSAS STORMS

At Least 100 are Injured and Great Property Damage in Northwestern Section.

Little Rock, Ark., April 19.—Twenty-two unknown dead, at least 100 injured and an immense property liss were the results of a series of tornadoes that swept through Northwestern Arkansas late Sunday night.
swept sec E E ES EEEEE EESSSSS

Communication with the storm-swept section, all of which is located in the Ozark hills, is difficult at best and as a result of the storm the limited means of communication are greatly crippled. It is feared that many persons were killed and injured in addition to those already reported. An unconfirmed report from Blaine, Logan county, told of twenty persons being killed there.

Apparently the tornado twisted its way through Yell, Logan, Franklin, and Johnson counties in Western Arkansas, then leaped across an adjoining county to strike down in Boone, located in the northern-most tier of Arkansas counties. Yell county bore the brunt of the storm yith eighteen deaths reported. Two entire families were wiped out in the Harkeys' Valley community of Yell County. Mr. and Mrs. Charles Howe and their four children and Dan Howe, father of Charles Howe, met death in the ruins of their home. The only survivor of the family was a baby, who was caried 200 yards by the wind and, unharmed, deposited between two uprooted pine trees. An uncle of Charles Howe who lived close by, was severely injured.

A woman named Mrs. Brock and her five children were killed when their home in Harkeys' Valley was demolished. The husband's father was in Oklahoma.

The list of dead so far as reported is as follows:

Harkey's Valley, Yell County: Mr. and Mrs. Chas. Howe and four children and Dan Howe; Mrs. Brock's five children; Mrs. B. W. Bell and son, John Bell, and a man named Murphy.

Mrs. Mike Teague near Belleville, Yell County.

Mrs. Charles Zachry and three children, Hickorytown, Johnson county.

The serious injured include H. D. Williams and Mrs. Ben Mans of St. Jo, a young man named Bell at Harkey's Valley; John Howe, grother of C. H. Howe; Reeder Griffith, wife and two children, near Belleville; Jasper Sheldon, wife and two children, near Blaine; George Ralston, wife and two children; M. E. Williams, wife and two children, between Blaine and Belleville.

POSTED PRICES AND FINAL SELLING PRICES

To the Editor of The Chronicle.

In the Chronicle of the 10th you quoted cotton at 43.25 cents for middling. On the same day I received a letter from a cotton firm in Houston stating that 40.50 was all they could get for middling cotton. Will you please tell me through The Chronicle why this discrepancy of $15 per bale between the quoted market and the market? It is doing a great deal of harm in that shippers will lose confident in your Houston cotton men.

Yours respectfully,
W. C. Barnes.

Franklin, Texas, April 12.

A prominent Houston cotton man gives this explanation: "The price is held up for insurance purchases and also to reflect what should be the price were there any demand. If middling were cut drastically it would cause a drop in futures which would be injurious to cotton producers. The holding up of spot prices, even in the face of lack of demand, has the effect of sustaining futures, which respond quickly to any weakness or firmness in spot prices. Galveston and Dallas markets are held even higher than Houston, yet it is known that middling cotton lately has been sold in Galveston as low as 28 cents." So far as the Chronicle is concerned, it quotes the prices as posted day by day at the exchange.

WOMEN WANT TO WEAR OVERALLS.

Drastic Plan to Cut Down Price of Clothing Grows in Popularity.

Dallas, Texas, April 15.—Women working in the offices of the Texas and Pacific railroad here today asked the district attorney for permission to don overalls along with the men in the office who have formed an overall club. This office force approximates 800 people.

City employes, numbering 800 have petitioned the city commission to declare blue overalls the official city employe's garb, while approximately 200 employes of the Western Union men and women, are pledged to wear overalls while at work.

East St. Louis, Ill., April 15.—An overall club has been formed here by 150 persons. The rules of the club require its members to wear denims on all days except Sundays.

Muskogee, Okla., April 15.—An overall club was organized here today with an initial membership of more than 250 composed principally of federal employes and office employes of the Missouri, Kansas and Texas railroad.

Detroit, Mich., April 15.—Several thousand members of the Loyal Order of Moose donned overalls today pursuent to a resolution adopted last night calling upon the 8000 local members to wear rough raiment until prices of clothing decline. The resolution also endorsed a boycott on the use of potatoes, launched several days ago as a protest against high prices.

SEEKING OIL LANDS FOR INDIAN WARDS

Another Move Made in Fight Over Valuable Land in Red River Bed.

Oklahoma City, April 15.—Action by the government to gain title for its Indian wards to valuable tracts of oil land in the Red River bed was begun today by John A. Fain, assistant United States Attorney General, who today filed suit in the federal district court here asking that all persons now holding this property be enjoined from continuing developments and that a receiver be appointed for the river bed allotments not included in the receivership already provided by the federal supreme court.

Haring on the application was set for 10 o'clock on the morning of May 10, in the federal district court here. A judge to hear the case has not yet been assigned.

The government is acting for forty-eight of its Indian wards of the Kiowa, Comanche and Apache tribes who were allotted acreage in the river bed. Ninety-eight defndants are named in the petition, including individuals and companies.

Washington, April 15.—Frederick A. Delano, of Chicago, appointed by the supreme court as receiver in the Red river valley oil land controversy between Oklahoma and Texas, qualified today by filing bonds for $100,000.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

April 20th.—Mrs. Virg. Winford and little girls of near Granger, were in our community Friday.

Miss Mary Reeves of Thorndale, was the guest of Miss Fay Felton Sunday.

Miss Ora Yeager was home from Thrall to spend the week here with her sisters.

J. R. Foster and wife of Rockdale, were in this vicinity Sunday.

Little Miss Mozelle Locklin is listed with the sick at present writing.

Miss Lola Kirkman came out from Thorndale and was at home here with her parents, through Saturday and Sunday.

Rev. Ferguson of Waco filled his appointment at the Baptist church in San Gabriel Saturday night and Sunday.

Rev. Johnnie Moore preached in Watson Branch community Sunday.

Mesdames Summerlin, Peebles, Mosley and Misses Gladys and Ruth Summerlin were here from Thorndale Sunday attending services.

Dr. Kirkpatrick and family of Thrall were visitors in our little village Thursday afternoon.

Dr. Ellis of the State University, is programed to address the people in connection with the Parent-Teachers' Association at San Gabriel School Auditorium Tuesday night of this week.

Harold Kirkman is possessor of a handsome new Dodge automobile.

Mr. Walter Clark purchased and moved the little music room on the school grounds and is turning it into a garage in which to house the auto that he expects to purchase soon.

The little baby girl of Mr. and Mrs. Will Lee drank kerosene last Wednesday. She was immediately hurried to Dr. Crockett of Thorndale who administered and the little one was soon herself again.

H. M. Campe was in Cameron last Wednesday.

F. M. Amason was in the county capital one day last week.

Johnnie Faulkner tuned a piano for Mrs. H. M. Camp last week. He did most excellent work.

zMesdames Fannie Norman and Jno. Echols and others from Thorndale were through our village Wednesday en route to Cameron.

Brian Woody of Temple was a guest of relatives here part of last week.

Mrs. A. M. Camp is on a visit to her daughter, Mrs. Howard Amason and other relatives in Austin.

J. D. Griffith was in Cameron Wednesday.

Mr. and Mrs. J. D. McNeil and boys of Rockdale visited in this neighborhood Sunday.

Miss Virgie Winford was in Rockdale one day last week.

Mrs. Todd of Austin, has been a visitor in the home of her daughter, Mrs. Lanham Clark.

Mesdames Lena Johnson and Hattye Gilchrist went to Marlin the latter part of last week to visit their husband and brother, Mr. Tamp Johnson, who is in that city for his health.

Mrs. Frank Clement, Jr., of Austin, left for her home in Austin Friday, after visiting homefolks here.

Harry Gamble is in a sanitarium in Temple recovering from some operation of the head. We hope he can soon be able to return home and mingle with friends once more.

Mr. and Mrs. Leo Wilkerson and infant daughter of Cameron, visited their gardparents here, Mr. and Mrs. W. H. Clark, Sunday.

Mr. and Mrs. Jim McMillan, Mr. and Mrs. Will Lee and Mr. and Mrs. Malcolm Gilchrist attended the closing exercises of the Davilla school last Saturday evening.

Miss Jewel Guthrie spent last week end with her grandmother in Rockdale.

Mr. and Mrs. Tamp Daniels were in Taylor Saturday.

E. L. Rasberry and lady were over Thorndale Sunday.

Mrs. Ed Sharp and sons and Willie and Mrs. Server of Waco motored to our community last week to visit J. G. Stigall and family and other relatives,

Mrs. Birdie Adams and niece, little Geraldine Dunham were shopping in Taylor Saturday.

Mr. and Mrs. T. P. Guthrie and Mr. and Mrs. Ted Adams attended a show in Rockdale Friday night.

Eb Felton, Sr., visited the dental chair in Thrall Saturday.

Mr. Moore of Davilla visited his sister, Mrs. Goss of this place last week. She and baby returned home with him for a brief visit.

Mrs. Zelma Tipps has recently returned from a Taylor Sanitarium.

John Woody yent to Cameron Friday.

Bob Gamble returned from Temple Friday, where he had been at the bedside of his brother, Harry.

17,500,00 WOMEN VOTERS

Regardless of whether the federal amendment giving the women the right to vote is ratified before the presidential election or not there are now about 17,500,000 women who can vote because of the rights conferred upon them by their states.

The fact that women can vote means a wholesome effect upon American politics. Men will have to pay more regard to the higher principles of morality and the welfare of the State than hitherto if they are to secure the vote of the majority of women.

Among the evils that will be corrected more properly through the political influence of women may be classed those regarding, liquor immorality, children, and other needed social reforms.

DALLAS COLD DRINK DISPENSERS PROPOSE ADVANCE

Increase in price of ice over one year ago, 20c a hundred pounds; laundry, 50 per cent; labor, 40 to 50 per cent; sugar, 40 to 50 per cent. These are cited by dispensers of cold drinks in Dallas, together with the advanced wholesale price of a popular beverage since this time last year, as justification for a proposed sharp advance in the price the consuming public will be required to pay.

Inquiry, yesterday among downtown "soda fountains" revealed that the price of the drink in most cases will be advanced soon from 6c to 11c. One well-known druggist announced that he will begin today charging 10c, preferring the even price to that involving the odd cent.

Advices from Austin yesterday were to the effect that the attention of the Attorney General's Deparment has been directed to a simultaneous and exact increase in the price of the beverages by dispensers in the Capital City, the price at all places jumping from 6c to 11c on the same day. The same beverage is being sold by a blind man operating the Capitol Confectionery stand at 7c a bottle, it was said.

HON. BEN F. LOONEY DEFENDS WILSON IN SPEECH HERE

FORMER ATTORNEY GENERAL SCORES BAILEY AND IS LOUDLY CHEERED

Ben F. Looney, former Attorney General and candidate for governor of Texas, spoke in defense of the National Democratic Administration here Thursday night to more than 200 administration supporters in the District court room under the auspices of the Administration Democrats of Milam county.

Mr. Looney's address was confined to national issues. He explained in the beginning that he will refrain from mentioning his candidacy for governor until after the May primaries when delegates will have been selected to attend the San Francisco convention. He is making an active campaign of the state in interest of the Democratic Administration and the election of delegates to the National convention.

Mr. Looney was introduced by Hon. U. S. Hearrell, Mayor of Cameron, who in a few well-chosen words presented the former Attorney General. Mr. Hearrell declared that the attacks being made on the Democratic Party by Joe Bailey and his followers are unjustified and treasonable to the high ideals for which America stands. He also declared that during the late war the former senator was not identified with any worthy effort in behalf of his country and that his silence was the finest sort of aid and comfort to the enemy.

The issues of the campaign at this time as defined by Mr. Looney are altogether national. The former attorney general was given frequent and enehusiastic applause by the audience and this enthusiasm was doubly pronounced when his speech partook of patriotic expressions, praise of Democratic Administration and denunciation of Bailey.

the administration citing in detail Mr. Looney reviewed the acts of the great volume of constructive legislation and the winning of the world war. Among the more pronounced legislative accomplishments of the administration, he said, is the Federal Reserve Bank Act and the farm loan act. This he said gives a fair distribution of finance and has elevated the farmer to the status of a business man and has doomed forever any possibility of financial panic.

Speaking of the war record of the party Mr. Looney called the attention of his audience to the fact that Mr. Bailey is now objecting to the fact that the United States raised a big army. Mr. Looney added that the Kaiser also objected to America raising a big army. He praised the selective draft act as the means by which a great democratic army was placed in the field.

Mr. Looney charged that the question of state rights is not involved in the issues of this campaign; that the liquor problem is a great national evil and therefore cannot be confined to state lines. Loss of liquor and enfranchisement of the women are the chief objections being voiced by Mr. Bailey and his followers, he said.

Mr. Looney defended the expenditurs of the administration showing that although the Republicans have in control of both houses of the congress for nearly two years and despite the recommendations from President Wilson that certain war legislation be repealed, no effort has been made on the part of the Republican to do so.

The League of Nations covenant and the peace treaty were also discussed. The "entangling alliance" cry of the Republicans and Mr. Bailey was refuted by Mr. Looney and the crowd was loud in applause when Mr. Looney mentioned that it remained for a Democratic Presidency to write democracy into the very genius of the world politics and to point the way to a lasting and democratic peace.

PARENT--TEACHERS' CLUB

The Parent-Teachers Club will begin a canvas next week to secure new subscriptions and renewals to the Holland's Magazine. Fifty per cent of the money secured for these subscriptions will be given to the club and will be used for purchasing books for the school library.

Holland's is a clean, wholesome magazine, helpful in every department of the home, and interesting to young and old alike.

The extraordinary offer the management makes our club is $2.00 for three years. Subscribe now and you will receive big value, and, will help earn money for good books for your children's library.

See Batte's Store for Cane Seed before buying elsewhere.

Mrs. A. N. Green spent several days this week in Waco, visiting her daughter, Miss Louise, who is attending Baylor University.

MORE THAN 140 KILLED IN TORNADOES

Birmingham, Ala., April 20.—A death list which tonight stood at more than 140 and a property loss of many millions of dollars was the toll of a series of tornadoes which today swept a score of towns, villages and isolated farms in Eastern Mississippi, Northwestern Alabama and Southern Tennessee.

Communication with many of the stricken districts was difficult, but fragmentary reports agreed that the tornado obliterated virtually everything in its path. In at least one case—that of Ingomar, Miss.—practically the entire town was reported destroyed and in several instances all members of a family were crushed in the debris of its home.

Striking first apparently in Jasper County, Mississippi, about 10 o'clock this morning, the storm swept a narrow path across the remainder of the eastern border of the State, carrying destruction to a dozen or more communities. About the same time, effects of the same, or a similar, disturbance were reported from counties in the northwestern corner of Alabama, the northwestern corner of Alabama, the extreme force of the wind being expended after the Tennessee line was reached in Williamson, Maury and Carroll Counties.

Meridian, Mississippi, reported at least 21 dead in that vicinity, while 20 negroes were killed and a white man fatally injured near Aberdeen, with 3 deaths reported a few miles from Amory, near there. Twelve were killed and 30 injured, some probably fatally, at Deemer lumber camp, in Neshoba County, according to Philadelphia, while Glen reported 10 dead, Ingomar 6, Columbus 5, Baker 5, Bay Springs 5, Rose Hill 6 and Keownville 2 with several fatalities in Bell schoolhouse near Starkville.

In Alabama the rural districts around Sheffield, Gurley, Little Cove and Waco, sustained the full force of the storm and with some sections still cut off, a score of bodies have been recovered.

Across the Tennessee line, 10 miles from Meridian, the storm still had force sufficient to upset residence and farm buildings and to cut a swath through forests and orchards. Only three deaths are known to have resulted in that State, however.

Practically all reports of today's storm describe the local destruction as having been confined to a path measuring from 100 to 500 yards wide, within which the cyclonis wind, when at its heighth, left nothing but the most solid structures standing.—Dallas News.

NOT CLIMATE THAT PRODUCES SINGERS SAYS MRS. SHEPHERD

Betsy Lane Shepherd, the celebrated soprano, who will sing in Cameron on April 27, is very sure that climate has practically nothing to do with genius—at least as regards singers.

"We hear people bemoaning the fact that most of the geniuses of the musical world are the product of foreign countries," says Mrs. Shepherd.

"And then, some zealous writer will raise the much mooted question of when there will be an American Grand Opera written as famous as are those of some of the foreign masters," she continues.

"It is the opportunity to work, to study, that counts, not the country one is born in."

"But what about the balmy climate of Naples and the glorious sunshine of Venice?" Mrs. Shepherd was asked. "Don't you believe that climate effects temperament, and that in turn influences genius? Why, I should think that the sunny skies of Italy, and the beautiful flowery country, and the easy out door life everybody leads would make singing the most natural thing in the world"—the reporter was rather spreading himself you see.

Mrs. Shepherd threw back her head and laughed.

"My friend," she said, "perseverance means more than anything else in the cultivation of genius—that and an opportunity to work and to study."

Mrs. Shepherd insists that it is a fact that in foreign countries, the state is ever on the alert to render all the help necessary to naturally gifted children, that makes them produce more geniuses.

Mrs. Shepherd's concert on April 27th will be an invitation affair, and it is expected that all Cameron will turn out to greet the famous singer.

Miss Sallie Kate McLane spent Sunday at home, returning Monday to Dallas.

LONGHORN REFINING COMPANY WINS VICTORY IN FIGHT FOR TRADE MARK

WASHINGTON ATTORNEY DECREES NO INFRINGEMENT ON RIGHTS OF FT. WORTH CONCERN.

The Longhorn Refining Company of Cameron has emersed the victor from what promised to be a spirited legal battle over the right to retain its name and Trade Mark according to telegraphic information from George P. Kimmel, patent attorney of Washington, received here yesterday by John Bertrand, general manager of the company.

The spreading horns used as an emblem to denote the name of the company and by which it had become widely known not only in Texas but all over the country, was challenged by the Oklahoma Refining and Producing Company of Fort Worth as an infringement on their trade mark used in connection with their marketing of petroleum products, and for which, the company stated in a communication to Mr. Bertrand two weeks ago, a patent had been applied

The Longhorn Refining Company acting under the advice of local attorneys suspended operations and placed the matter before the patent attorney at Washington. The Fort Worth Company is using as their trade mark the head of a Texas steer yith wide protruding horns as an emblem for refined products. In the telegram received yesterday by Mr. Bertrand from Washington the patent attorney, Mr. Kimmel, declares the Longhorn Refining Company emblem is used only to denote the name of the company and can be patented. The telegram also stated that a full report was being mailed to the local company offices.

An immediate application was filed for a patent and now the local company will be able to retain its original name and trade mark denoting the company .

A communication was received here nearly two weeks ago from the Fort Worth Company protesting that the local company was using an infringement and accordingly the Longhorn Refining Company suspended operations pending the outcome of the issue. Desiring not to infringe upon the trade mark of another concern of similar nature but at the same time to retain its trade mark if possible, immediate steps were taken under the contention that there was no infringement.

The result is gratifyig not only to the Company officials but to their frineds everywhere. All stock sales and advertising were stopped pending the outcome but these will be resumed now that legal permission has been obtained based on the fact that no infringement is possible with the trade mark used according to the Washington attorney.

Mr. Bertrand said yesterday following the receipt of the telegram that the outcome was very gratifying and that immediate steps will be taken to resume operations. Mr. Bertrand is now in touch with capitalists in Indiana and elsewhere who are seeking investment in the refinery here based on the belief that a producing field will soon be brought in.

The fact that a legal controversy was threatened over the retention of this trade mark was known only to a few immediate friends of the company although considerable interest was taken in the fact that the company had halted operations. On receipt of the telegram here yesterday all matters pertaining to the situation was made public and given to The Herald exclusively for publication.

Following is the copy of the telegram:

Washington, D. C.
April 21, 1920.

John Bertrand,
Manager Longhorn Refining Co.,
Cameron, Texas.

The word Longhorn together with design of the Long Horn of either the steer or elk could be registered as Trade Mark. It would not be an infringement of a steer's head as alleged. Report mailed nineteenth.

George P. Kimmel.

ALL SAINTS EPISCOPAL CHURCH

Service Sunday next at 7:30 p. m. We expect to have with us Right Reverend C. S. Quin, Bishop Coadjutor of the Episcopal Church in Texas.

Bishop Quin is one of the ablest administrators and most eloquent Bishops in the Church today; we give a hearty invitation to our neighbors and the public generally to hear him.

W. E. Phillips, Ph. D., Rector.

This meeting is for the churches among the white people. Other provision will be made for the co-operating churches among the colored people.

If you want good Sane Seed go to Batte's Store.

FACTS CONCERNING OIL

(By V. Aston of Tracy-Maysfield Oil & Gas Company.)

The American public is interested in the greatest American industry—oil. it is your interest and ours. We stand ready to drill the wells and take from mother earth the greatest mineral, and the one on which vast fortunes are made—oil.

You should know about this wonderful industry and we are going to tell you something about it.

Of course, the more we learn about drilling for oil, the more we know, how little we know.

Our geographical reports are of such a nature that we are not a wild cat company.

By wildcat we mean, as you no doubt know, just selling stock and drilling most anywhere. Instead we went to the trouble of gettin the best report on the formation, on which our derrick is placed for the deep test at Maysfield.

We were not satisfied with one report and got several. You know as well as we know that our tracts at the Tracy field are in proven territory. We know they are good for at least three or four barrels a day, and that at $3.50 to $5.00 a barrel runs with real money.

We wish to impress on your minds and to tell you over and over again that the small stockholder will receive his portion in dividends as well as the heavy stockholder. This is your guarantee that the Tracy-Maysfield Oil & Gas Co. are working for material benefits, yours as well as ours. We are selling stock to you, not to drill one well, but several wells, and our acreage is not in one block, but in three and two tracts are in a proven field and one in a location that is very good according to geological reports. We know we will have steady producing wells in two of our tracts, which insures expenses, machinery and some dividends and in the Maysfield tract, where our deep test is, the tract in which we have every reason to believe, from the reports of the ground and the formations together with experienced drillers and oil men's opinions, we will strike the gusher. Then, too, we thought you are able to drill these wells and give the world one of its greatest needs—oil. When one considers the amount needed for the railroad, which is estimated at 80,000,000 barrels a year, the automobile, the airplanes and I could go on to give you a list at quite a length, but you already know the uses of oil and how fast it grows into real money.

You know probably that the oil is sold f. o. b. well, the refinery has pipe lines to the well through which the oil is carried to the refinery. The refinery pays for the pipe lines to carry this oil from the well. We have to build storage tanks to hold this oil for the refinery.

When people are thinking of making fortunes it is best to get in some line which will, while helping you, help the world..

This is our home, the world, and we should make it as good as we can as well as helping it to produce the minerals which are stored in mother earth for man's pleasure.

In the olden days our people traveled in buggies and on horseback and probably were all day going a short distance and were tired out. They knew very little concerning the world outside of a radius of, say 100 miles from their home.

Today, we have automobiles, and traveling is delightful. We can get in the machine and pack the lunch probably in the hamper on the rear of the car, and go from one town to another or to see the places of interest to us or can go from one side of the continent to another, to the ocean, to the mountains, to the caves, to Yellowstone National Park, to the cities or to the country, or who loves anything better than a fishing trip, along some beautiful river or creek, and what has made this possible? Why oil, for without oil you could have no gasoline, then, too, the airplane. When our boys were in France during the world's war, the airplane sure played its part and added more than words can tell in winning the greatest as well as the most terrible war in history. We think the war was terriably long, but if it had not been for the motor cars and airplanes and gasoline, which made these possible, we would still be fighting and our boys would be in France today.

When we know or have some idea of the amount of oil needed in the world it behooves us to keep adding to the most wonderful of industries.

SOLDIER BONUS BILL TO BE READY MAY 1.

Tax on Merchandise Sale Regarded as Best Means of Raising Revenue.

Washington, April 19.—Republican House leaders today tentatively agreed to prevent a soldier relief measure to the House about May 1.

Besides carrying cash compensation the bill will include alternative offers of priority in land settlement, home building and extension of vocational training. Two plans for adjusted cash compensation have been submitted, one granting $1 for each day's service and the other authorizing payment at the rate of $1.25 for each day, with no payments for the first two months of service. Under the latter plan, members said, those exempted because their service was less than sixty days and those serving for a longer period would be treated impartially, no payments being authorized to any one for the first two months' service.

It is proposed to begin cash payments on Jan. 1, 1921, continuing in quarterly installments. A tax on gross sales, it is said, probably will be the plan to be adopted by the committee to raise necessary revenues. Democrats, however, oppose this, desiring to present some legislation imposing further taxes on excess war profits. Some Republicans will also oppose the imposition of a sales tax.

The subcommittee considering the most adaptable method of raising revenues to pay compensation has not decided on any definite plan. Two alternatives are before the committee, the first a tax on the sales from the retailers to the consumers and the other a tax on all "turn overs" that is a tax on each resale from the producer to the ultimate consumer.

Mr. Mitchell, County Engineer and Hon. W. G. Gillis went to Austin, Monday of this week to appear before the State Highway Commision asking for assignment of aid on two sections, Sap Highyay No. 44 and one section of the Ben Milam No. 36. W. O. Newton, C. M. Beard and E. A. Camp also attended the metting on the same proposition. Aid was assured on the three projects aggregating $58,000.

CLARION CALL MADE TO THE COUNTY DEMOCRATS

Dr. John L. Denson, Chairman of the National Administration Democratic Executive Committee of Milam County, in an official statement today to the Democrats of Milam county call attention to the Presidential Primary Conventions to be held at the various voting boxes on Saturday, May 1.

The statement is an appeal to every Democrat in Milam county to attend these conventions and to support the Democratic Administration. The statement is as follows:

To the Democrats of Milam County:

The Presidential Primary Conventions will be held at the various voting boxes on Saturday, May 1, 1920. Every Democrat should attend. The party success is at stake. Enemies of of Democratic success are seeking to repudiate and discredit the achievements of our National Adminstration during the past seven years. These men will endeavor to control our box conventions on May 1st, and elect delegates to the County Convention in harmony with their views. If they succeed in electing enough delegates to the County Convention to control it they will send an anti-administration delegation to the State Convention and from the State Convention to the National Convention.

What can Democrats hope to gain by repudiating our National Administration?

If we thus proclaim to the world that the Democratic party has failed in its hour of opportunity, it would be another 50 years perhaps before the nation would again trust us.

A survey of the record above, that more real constructive legislation has been enacted in the past seven years than had been accomplished in the previous half century.

A repudiation of this record would be party suicide.

Loyal Democrats will not be misled by the man who seeks to sow discontent.

We are on the verge of a National election and all true democrats are urged to put aside any petty differences that may divide them and unite in a solid front to oppose those who would disarm us and leave us to the mercy of our political foes.

Let all qualified Democratic voters, men and women, go to the box Conventions on Saturday, May 1, and say in no uncertain terms that they endorse and apprcve an administration whose record in peace and in war has made one of the brightest pages in American history.

JOHN L. DENSON,
Chairman, National Administration Democratic Executive Committee of Milam County.

MISSISSIPPI STORM KILLS A NIECE OF CAMERON DOCTORS

DRS TOM AND JOHN DENSON GET MESSAGE OF DEATH OF MRS. MILDRED OATS.

A telegraphic message received in Cameron Tuesday by Dr. John L. Denson and Dr. Tom Denson, announced the death of their niece, Mrs. Oats and her one year old baby, who lost their lives at Bay Springs, Mississippi, in the great tornado which swept three states.

Dr. Tom Denson and Mrs. John Denson left Cameron early Wednesday morning over the Santa Fe for Bay Springs, Mississippi, to attend the funeral of their niece and baby and to pay their respects to the family in thir bereavement.

The message gave no details of the tragedy and nothing is known of the death of the mother and baby except that their bodies were found among the dead toll of the storm.

Wednesday morning the death list had reached 140. The tornados swept Alabama, Mississippi and Tennesse. Communication with many of the stricken district has been very difficult but from meager reports received it is agreed that the tornado obliterated everything in its path.

The people of Cameron wil learn with deep sorrow the grief that has come to Drs. Tom and John L. Denson in the loss of their niece and her baby.

JEFF ROGERS CHAPTER

The Jeff Rogers Chapter, U. D.C., observed Memorial Day on Saturday, April 17th.

Flags and flowers were placed on the graves of all the soldier dead, United States flags marking the resting places of those who served in the Union armies, and Confederate flags the lowly beds of the veterans of the Lost Cause.

Graves decorated for the first time were those of Dr. T. A. Pope, L. W. Carothers and W. M. McCall, who served in the Mexican war and in the civil war.

Loving tribute was also paid to the memory of three young men who trained for service in the late war, Edwin Hardy, George Lutner and Lawless Green.

Four Confederate veterans were present, Messrs. Andrew McLane, J. E. Reno, M. W. Mitchell, and Captain W. S. Riggs.

Choice Peagreen Alfalfa, car just unloaded.—C. N. Green & Bros.

THORNDALE LEGION PLANS CELEBRATION

COM. HEFLEY WITH COMMITTEE PLANNING PROGRAM AND INVITING SPEAKER

Commander Jeff D. Hefley, Jr., of the Thorndale Post of the American Legion, was in Cameron Monday. Commander Hefley announces that Thorndale Post is preparing for a big celebration to be held in that city in the early part of July.

Already considerable progress has been made on the arrangements. Public speakers, including United States Senator Morris Sheppard, have accepted the invitation of the Post to attend the celebration. An invitation has been extended to Major General Dickman, commander of the Southern Department to be present.

An elaborate program is being arranged and Commander Hefley announces that it will be made public as soon as it is completed.

The celebration will be one of the largest and most enthusiastic ever held in the county and will have patriotic as well as political features to interest the crowds. Preparation is being made for a big attendance and several counties adjoining are expected to join in the celebration .

DEATH CLAIMS PIONEER

C. H. Smith, who resided with his son, Bonie Smith, in Rosebud, died last Monday, April 19th, and was buried Tuesday in the family cemetery in Bell county.

Mr. Smith was born in Alabama in 1844, and moved to Texas when 14 years old. He has resided here ever since. He was the father of seven children, five boys and two girls, all of which survive him. His wife preceded him to the fairer land, having died about four years ago.

Mr. Smith was the father of our fellow-townsman, Eugene Smith.

Phone us your order for Alfalfa and Feed Stuff.—C. N. Green & Bros.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that an election will be held on the 29th day of April 1920 at San Grove School House in Common School District No. 27 of this county as established by order of the county board of trustees of date the 22nd day of February, 1920, which is of record in book designated Record of School Districts, on page 39 to determine whether a majority of the legally qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of $1000, the bonds to be of the denomination of $50 each, numbered consecutively from one to twenty, both inclusive, payable serially in 20 years from their date, and bearing 5 per cent interest per annum, payable annually to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material, and purchasing a site therefor, within said district and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and county and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposion to issue the bonds shall have written or printed on their ballot the words:

"For the Bonds."

And those opposed shall have written or printed on their ballot the words:

"Against the Bonds."

R. A. Hairston has been appointed presiding officer for said election and he shall select two juges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 24th day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 24th day of March A. D 1920.

MISSIONARIES GET SALARY INCREASE TO MEET H. C. L.

New World Movement Will Provide Funds to Relieve Distress of Workers in Foreign Fields

In Egypt and India, the lands of few clothes and simple living, missionaries have been hard hit by the increased cost of living and the announcement just made by Mrs. J. D. Sands of Pittsburgh, Pa., president of the Women's General Missionary Society of the United Presbyterian Church that an increase of one-third will be granted in the salaries of all home and foreign misionaries will be welcomed by the hundreds of workers of this denomination in Africa and Asia, as well as America.

The high cost of living has hit the missionary in common with every one else and workers in the home and foreign fields have protested to headquarters that they cannot live on the $600 yearly that each one now receives. Missionaries in addition to their salary get living quarters.

The increase will affect 105 workers in India, Egypt and the Sudan as

MRS. J. D. SANDS

well as the home missionaries and those in the work for the freedmen's board.

The summary of the foreign budget of the women's missionary society for the five year program planned by the New World Movement calls for the expenditure of $1,054,800 for salaries alone for the mission workers. It is planned that $210,000 will be spent for increases in salaries of 105 women missionaries during the five year period and $844,800 will be spent for salaries for 202 additional women workers that the United Presbyterian Church hopes soon to be able to put into the home and foreign mission fields.

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D. Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than $20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who sailed for Egypt last fall and early this spring will remain at Benha for one year while they are studying the language.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the $300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of $229,000 and one sanitarium to cost $96,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of $625,000.

This sum will be apportioned from the $16,715,000 fund that the United Presbyterian Church will raise during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 5 to May 2.

CITATION

THE STATE OF TEXAS
To the Sheriffor any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation ince in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texas, and a part of the Juan Jose Acosto survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and Annie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quiting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your reurn thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this the 6th day of April A. D. 1920.

49-4t PENN WOLF,
Clerk of the District Court, Milam County, Texas.

We want to call your attention to the quality work done by us at the Warwick Shoe Shop.

"BAYER CROSS" ON ASPIRIN

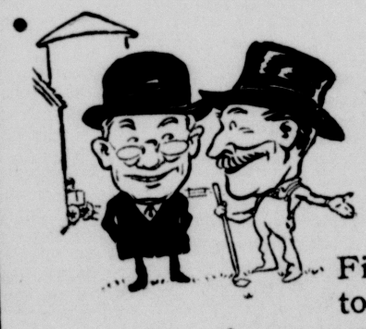
Always Ask for Genuine "Bayer Tablets of Aspirin"

BAYER

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fradulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else!....Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacideste of Salicylicacid.



100,000 to 1

Five months ago we first called your attention to the *opportunity* of obtaining a great weekly farm *service* for less than 2 cents a week. Meanwhile through 1600 different newspapers, 1600 other progressive banks all over the country have likewise been telling their friends and patrons about this great *opportunity*. During these five months MORE THAN A HUNDRED THOUSAND "new" farmer readers have accepted the *opportunity*—have sent in their dollar subscriptions—have assured themselves for a whole year ahead of getting all the helpful, entertaining things that will reach them through

The COUNTRY GENTLEMAN

Are you one of the 100,000? If not, the odds are 100,000 to 1 that you ought to subscribe NOW.

5¢ the copy everywhere

We'll tell you about modern *banking*. THE COUNTRY GENTLEMAN will tell you about everything that vitally affects your *farming* business. We might keep on forever printing "make-it-easy-to-buy" coupons—but we won't. For why should you delay longer? Sooner or later you'll subscribe and then, like the 600,000 other farmer-readers, you, too, will say, "I wouldn't be without THE COUNTRY GENTLEMAN." If you have an account here, instruct us NOW to charge it $1.00 for a year's subscription. If not, send in *today* your dollar, with the coupon below. Or, come in and get acquainted.

FIRST NATIONAL BANK
Capital and Surplus, $125,000; A. N. Green, President; H. H. Hefley, Cashi

Gentlemen:
(1) Because you know me, enter my name for THE COUNTRY GENTLEMAN for one year and charge the cost, $1.00, to me; *or*
(2) Here's my dollar. I want THE COUNTRY GENTLEMAN. Send it to me.
} Cross out one

CAMERON ORGANIZES "OVERALL CLUB"

Responding to the overall movement as a protest against the high cost of living, citizens of Cameron have organized and "Overall Club."

The following petition has been circulated and signed by citizens of Cameron:

Cameron, Texas, April 16, 1920.—We the undersigned citizens of Cameron, in view of the unprecedented high prices of woolens, silks, satins and linens which are constantly increasing and in view of the fact that we live in a country of cotton and that we possess, and are able to obtain but a small number of dollars, and of the pressing necessity of living within our means, here join the "Overall Club" and pledge ourselves during the Spring and Summer to wear Cotton Clothes:

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that an election be held on the 24th day of April A. D. 1920, at Val Verde School House in Common School District No. 1 of Milam County, Texas, as established by order of the Commissioners' Court of Milam County, Texas, of date the .....day of....., 19..... which is of record in Book....., page .....of the minutes of the Commissioners' Court of Milam County, Texas, to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to $50c on the $100 valuation for the purpose of supplementing State school funds apportioned of said District and to determine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

I. E. Whittington has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days afer said election has been held make due return thereof to the Commissioners' Court of this County as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballots the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballots the words:

"Against increase of school tax."

Said election was ordered by the County Judge of this County by order dated on the 31st day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 31st day of March A. D. 1920.

L. L. BLAYLOCK,

INTERCHURCH MASS MEETING APRIL 27

As a special feature of the County mass meeting of the Interchurch Movement to be held in this city on April 27 at First Methodist Church and addresses will be made to the young people of the churches co-operating in this great movement of Christian idealism. A Life Enlistment meeting is being arranged, which will probably take the form of a dinner or plate luncheon at which the young folks will be urged to think seriously of giving their lives for Christian service, either at home or in foreign lands. This is particularly necessary in Texas where it is stated that the young people have not been as zealous in engaging in Christian work as in other states. It is believed that this is largely due to the lack of stress placed upon Life Enlistment by the religious leaders. In eight Texas counties with a total of nearly 43,000 population only fourteen young people have entered the Christian ministry or other religious work during the past fourteen years, according to facts discloced by the rural survey department of the Interchurch. It is planned to greatly increase this number of Christian workers among the young people and for this reason Life Enlistment will be stressed at every county meeting.

The county mass meeting in this city will take place at the First Methdist Church in Cameron and will be conducted by team number 11, headed by Rev. C. E. Robinson of Port Arthur commencing at 10 o'clock and with an afternoon and evening session at 2:30 and 7:30 o'clock. Young people's meeting is being arranged for either in the afternoon or evening session and all high school students and officers of Sunday Schools will be especially invited.

—o-o—

NOTICE

IN ACCORDANCE WITH the PROCLAMATION of the GOVERNOR OF THE STATE OF TEXAS dated March 5, 1919, MILAM COUNTY TEXAS is placed in a SPECIAL QUARANTINE AREA for the purpose of the eradication of the cattle fever-tick. All parties are warned that it is unlawful to ship, drive, drift or to permit the shipment, driving or drifting of any cattle, horses or mules into, from, or within MILAM COUNTY, TEXAS without the written permit of an inspector of the LIVE STOCK SANITARY COMMISSION OF TEXAS. The penalty for violation of this law is not less than $1 nor more than $5 per head for all live stock so shipped, driven or drifted or permitted to be shipped, driven or drifted.

Authority for this NOTICE is contained in Senate Bill No. 108 and House Bill No. 51 of the Acts of the Texas Legislature in 1917.

—By Order of the—
LIVESTOCK SANITARY COMMISSION OF TEXAS

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Fine Steels form the Sinews of a

MAXWELL

Everything that is built to endure must have fine sinews.

A great ship, a giant locomotive, a huge bridge, a gigantic building.

Search for the sinews in a Maxwell and you discover new steels, fine steels, special steels, steels manufactured to Maxwell's own formulae.

Steels, for instance, that make possible that rare combination of extreme lightness and brute strength.

For a Maxwell is made to be light in weight. Its mission is economic transportation.

Any superfluous pound to carry around means so much more cost of operation.

But the great problem was to get steels of rare quality and great strength.

They are found in a Maxwell in axles, shaftings, gears, frame, crankshaft, connecting rods, etc., etc.

They equal, pound for pound, the steels to be found in any car made.

Costly as they are, they repay their price many times over in the lifetime of a Maxwell.

They save. They pay dividends of satisfaction.

They make friends. They are responsible for that rapid rise of Maxwell the world over.

Nearly 400,000 now in use; 100,000 more in process of construction; and fully 40 per cent of those who have decided upon a Maxwell as their first-choice car will not be able to get one this year—so overwhelming is the demand for this remarkable car.

-o-o-

COUNTY INTERCHURCH MASS MEETING

Thursday, April 27th

On Tuesday, the 27th, will be held in the First Methodist Church the first meeting of the kind ever held in Cameron or in Milam County. It will be the County Mass Meeting of the Inter-Church World Movement. This will be one of 3000 such meetings being held over the whole land, and one of some 200 being held in Texas. Team No. 11 consisting of four ministers and one woman worker will lead in the meeting. The sessions will begin at 10 a. m., 2:30 p. m. and 7:30 p. m. There will be a special meeting for young people from 4:30 to 7:30. This will come probably at the Presbyterian church and will be an effort to lay before our young people the obligation that is theirs in this great work of reaching all the world with the message of the Kingdom.

Pastors of co-operating churches should see to it that they have their people out for this meeting. We are going to have some great facts laid before us. And all Christian people and those interested in a better age to come are invited. No matter what your opinion may be the Movement facts cannot hurt you and this is no more than an effort to get the facts before the people of Milam county.

People outside the town are especially invited. There may be a big crowd in town. We suggest that you make up parties of your church people and that you bring a lunch and meet with the rest of us who will be doing the same, in the city park, and so make the noon hour a time of social fellowship. It will be a fine time for Christian people to get acquainted.

H. R. MacFADYEN,
County Convener.
Cameron, Texas.

COTTON CLASSING DISCUSSED IN LETTER BY OLA AYCOCK

Cameron, Tex., April 21, 1920.
Cameron Commercial Club,
Cameron, Texas.

Gentlemen:

Sensing what seems will result in serious loss to Texas cotton farmers in the present movement for classification of the 19920 crop permit me to call your respectful attention to our State Warehouse, Ginning and Marketing laws and rules governing same.

That part relating to ginning provides a ginners' bond for the correct and fair sampling and marking of each bale. Also rules for warehousing, classified grading, warehouse receipts, etc.

These laws being permissary both as to warehousing and selling by the farmer (left optional with the farmer as to his choice of selling by ginners' sample; or by letting the speculator cut sample on one or both sides) if not properly understood by the farmer cancels and nullifies the law made especially for his benefit and protection.

The U. S. permissary law hold as to warehouses—they can bond or not as they choose. A warehouse receipt from one not bonded; has not the protection and negotiability of receipt as attaches to one properly bonded.

In our classification meeting this year and last, it seemed to be the prevailing opinon that sampling in the old way was advocated.

This admitted loss of 30 pounds per bale, worth now 30c per pound, entails a loss to Milam county alone this past season of $378,000.00 and for the State at an approximate 2 million bale crop, 27 million dolars.

I appeal to your high sense of honor as men, not to idly stand by and see your neighbor fleeced of his reward.

Let's be bigger than that. To the credit of our merchants, will say they tell me they will take ginners' sampling.

The farmer with the help of the business man can accomplish much good.

All well informed men know of the petty and jealous row now going on between our A. & M. Extension Service and our Agricultural Department at Austin as to "who shall be greatest" (this unsettled question has been running since apostolic times).

I have no fight to make on either; both have their fields of usefulness.

Personally, I shall co-operate in the fullest way with your honorable body. Let's be men; let's not stand hitched to any proposition that skins one man for another—what say you?

Believing the county press to be the best medium of exchange of iedas, I am sending this to The Cameron Herald with request that all county papers copy.

Very respectfully,
OLA AYCOCK

THE STATE OF TEXAS

To the Sheriffor any Constable of Milam County—Greeting:

You are hereby commanded to summon the unknown heirs of John Chance and the unknown heirs of Annie Price, wife of George Price by making publication of this citation ince in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 3rd day of May 1920, the same being the First Monday in May 1920 then and there to answer a petition filed in said court on the 6th day of April 1920, a suit numbered on the docket of said court No. 8163, wherein D. A. Chance is plaintiff and the unknown heirs of John Chance and the unknown heirs of Annie Price are defendants, said petition alleging: That he is the owner and in possession of certain lot or parcel of land, lying and being situated in Milam county, Texto survey and particularly described as follows, to-wit:

Beginning at a Mosquito Mrs. Sarah Norman's S. E. corner and the S. E. corner of this survey. Thence N. 70 W. 335 vrs. to a stake for S. W. of this survey from which a Mesquite bears N. 23 E. 8 vrs. Thence N. 20 E. 760 vrs to a stake for N. W. corner of this survey. From which a Box Elder bears N. 22 W. 5 vrs, and a Mulberry bears S. 76 W. 9 vrs. Thence S. 70 E. 335 vrs. to a stake for N. E. corner of this survey in Mrs. Sarah Norman's original East Boundary Line from which an Elm bears N. W. 7 vrs. Thence S. 20 W. 760 vrs. with said East Boundary Line to the place of beginning, containing 45 acres of land.

That he obtained said land, by devise from his mother who acquired the same during the life time of her husband, David Chance who died intestate and that John Chance and Annie Price were children of said David and S. E. Chance and each of them died intestate leaving surviving children which facts cast a cloud upon plaintiff's title. That plaintiff claims title to said land, by purchase and by ten years limitation and he prays for judgment, removing cloud from title and quiting same, for title and possession and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ with your reurn thereon, showing how you have executed the same.

Witness Penn Wolf, Clark of the District Court of Milam County, Texas.

Given under my hand and the seal of said court in Cameron, this the 6th day of April A. D. 1920.

49-4t PENN WOLF,
Clerk of the District Court, Milam County, Texas.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS,
County of Milam.

Notice is hereby given that an election be held on the 24th day of April A. D. 1920, at Val Verde School House in Common School District No. 1 of Milam County, Texas, as established by order of the Commissioners' Court of Milam County, Texas, of date the .....day of....., 19..... which is of record in Book....., page .....of the minutes of the Commissioners' Court of Milam County, Texas, to determine whether or not a tax of and at the rate of 20c on the $100 valuation of taxable property in said District shall be raised to $50c on the $100 valuation for the purpose of supplementing State school funds apportioned of said District and to determine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

I. E. Whittington has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days afer said election has been held make due return thereof to the Commissioners' Court of this County as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are residents property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballots the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballots the words:

"Against increase of school tax."

Said election was ordered by the County Judge of this County by order dated on the 31st day of March A. D. 1920, and this notice is given in pursuance of said order.

Dated the 31st day of March A. D. 1920.

OAKDALE NEWS

By Mrs. S. Hause

Last week Mrs. Batey got very sick and had to have a doctor. Of course they had the doctor from Milano. She wrote her daughter that lives at Meeks, and Saturday she and her husband came, Mr. and Mrs. Sterling Childress. Then Sunday evening the children went to the mountains and some pictures were made. Later Mrs Lettie Shelton went back to her school at Hoyte, which will be out about the 29th.

We have a nice norther this, Monday morning.

Mr. Bethard and two daughters Misses Bessie and Ethel, were in Cameron Sunday.

There were several men in our part of the community who went to the river Saturday to see if they could get some fish to eat. There were Messrs. Wimberley, Frank Fasel, son Frank, Ray Thompson and his brother; then later, after going to Cameron, Mr. A R. O'Neal and Roy Hawbaker stopped with them.

Mr. and Mrs. H. B. Pressley and children of Hoyte, spent the evening Sunday with her uncle, Mr. John Ford, near Prospect; they said they were in a hurry to get home for they had three hundred little chicks to put up.

Mrs. E. P. Garner had her husband and daughter and three children, Mr and Mrs. Schulenburger, of Waco, as guests from Friday evening till Sunday morning.They came through in their car.

Mr. and Mrs. Add Hall and little son, Arthur Monroe, of Marak, stopped a little while on their way to his father's, Jim Hall, at Sandy Creek. He had not been there in several months.

Mr. and Mrs. Mike Taylor and his fatner were in Cameron Saturday trading.

Mr. and Mrs. A. L. Chatman went Saturday morning to Ad Hall to his father's. All the family was there and had Mr. Beach out there Sunday evening to take a family group.

Sunday morning Mr. and Mrs. McDonald of Cedar Creek came to see their daughter, Mrs. A. L. Chatman, but found them gone, therefore they went back home.

Messrs. Theo Aschenbeck and Hugh Wimberley were in Cameron Saturday.

There were several from this community who went to Milano Saturday evening.

Mrs. Edna Triggs of Denton spent the day with her nephew, Clyde Hensley. She was on her way back from Waco where she attended a Democratic meeting. Most everyone knows Mrs. Triggs, as she used to be one of our best teachers.

Mrs. Fannie Baulkum of Tom Green came Saturday to see her niece Mrs. Clyde Hensley. She was on her way from Leon county where she had been to see her mother. Sunday morning Jimmie, Verner and Ethel Angel from Watts Switch, came in their car after and she accompanied them back Sunday evening.

Miss Lola Evant, principal of the Hoyte School, got a chance to visit home folks Friday in Rosebud.

Miss Florence Skedhule and brother of Belmena, came to see the Emmons family Wednesday, and before she had there long some one said let's have a dance to-night, so they proceeded to get a crowd and had their dance.

Mr. Ernest Cook and one of his friends went Friday night to a dance at Hanover.

Mr. Mobley got Mr. O'Neal to go with him to Rockdale Thursday to meet his father who is 81 years old.

I will not try to compete with the writers of "trade at home," but will say that it is the right thing. I always do that because I think it right and then I want to see what I buy, if I have to pay more for it than some of the people who send away for what they want. They seldom get just what they want, and then they have to send the money, and if they do not have what is sent for, they lose their postage, for the check is sent back; then they have to pay to have it sent to another house to get what they want so I trade at home where we know our merchants.

I wonder if there is a lady in Cameron that does hemstitching on nice material. I want to get some done and hate not to trade at home.

BAPTIST CHURCH ANNOUNCEMENTS

A large company of young people assembled at the Baptist church Monday night and organized "A Junior Choir." From the way these youngsterssters went into this movement, can easily be hoped that there will soon be marked improvement in the music of our church services. Mrs. Lay is director of the choir and Miss Ruth Sprinkel is organist. They will meet for practice Monday night each week, All young people of our church are cordially invited to join the Junior Choir.

All the services in our church were good last Sunday. At the evening hour Dr. Webb brought us a great message which was heartily received by the large audience made up of the various churches.

Both the Junior and the Senior Unions are doing good work under the splendid leadership of Mrs. Cox and Miss Gladys Walker. We urge all our young people to join one of these organizations. The Sunday School shows signs of increased attendance and greater interest. The pastor will speak at both services next Sunday. A hearty welcome awaits you at our church.

B. B. BLAYLOCK, Pastor.

More Outlets---
MORE SERVICE

If you haven't electricity in your home and on your farm you should take steps to install it, by all means. If you have it, make all possible use of it. Too many people, with all the conveniences of electricity at hand, fail to appreciate the value of duplex or double outlets.

ELECTRICITY FOR COMFORT

To get full comfort from your electricity, save yourself the discomfort of doing without some appliance you wish to use. Do not be handicapped by only one outlet when you need more.

Extra outlets can be installed at small expense—and with large dividends in extra comfort. They make it possible to use any appliance without the bother of removing light bulbs, or to use two appliances at the same time if desired.

LET US ESTIMATE.

WEEKLY FINANCIAL REPORT

Our financial situation as reflected by the condition of the Federal Reserve system shows some apparent improvement for the past week. The reserve ratio on April 9th again recorded an advance over the previous week. The reserve ration of last week was 43.3 per cent, showing a gain of .4 of 1 per cent over the previous week. Loans showed a slight reduction. Our gold holdings increased somewhat as a result of recent gold imports. Federal Reserve note issues, however, continue to expand. Our outstanding Federal Reserve notes are now at the peak, their total being $3,080,217,000; at this figure they stand about $20,000,000 above the maximum reached in 1919.

For several months past the Federal Reserve Board has been trying to curtail the rediscount activities of member banks but without apparent avail. With the enactment of the Phelan Bill by Congress news powers are conferred upon the Board for the purpose of enabling it to more successfully combat excessive rediscounts by members banks. This measure gives the Board authority to charge higher discount rates to banks seek-rediscount accommodation in excess of a quota which the Board is given power to fix. The Reserve Bank of each district is given power to establish on some uniform basis the rediscount quota to be allowed each bank under its jurisdiction. Some percentage of each bank's capital and surplus will probably be used as the basis upon which the normal discount rate will be granted. Rediscounts in excess of this quota can be made only at increasingly higher rates. While the basis for determining a bank's quota may vary in the different districts it will be uniform within each district. Whether this law will solve the problems that has confronted the Federal Reserve Board remains to be seen.

HOBBY PROTESTS MOVING TROOPS THROUGH TEXAS

Austin, April 19.—Vigorous protest was made to the Washington Government today by Governor W. P. Hobby against the movement of Mexican troops over Texas soil in a telegram sent to Secretary of State Bainbridge Colby.

The Governor wired:

"In view of reports that request has been made for permission of the Government of the United States to transport troops from Mexico across territory of the United States I desire to reiterate the protest made by me when a similar request was formerly made to our Government and to say even more emphatically that I am unalterably opposed to the movement of Mexican troops over Texas soil since it would endanger the lives and property of American citizens living on or near the border between Texas and Mexico."

HOBBY MAY CALL SPECIAL SESSION FOR MAY 25th

Austin, April 19th.—While the exact date for the convening of the special session of the Thirty-sixth Legislature by the Governor has not as yet been indicated, it is the general impression here that it will be Tuesday, May 25. The Governor has merely said the lawmakers would be called the "latter part of May."

There are several vacancies in the Legislature to be filled, and special elect ones have been called in the counties where these vacancies exist, for May 15, so there will be no session before that time.

Governor Hobby is on a campaign tour of the State in the interest of his candidacy for delegate-at-large to the National Democratic Convention, and is not expected to return to Austin until May 1, when the precinct conventions are to be held to select delegates to the county convention.

No intimation has been given by the Governor as to whether the special session will be confined to the consideration of the pink boll worm problem, or whether other matters will be submitted for consideration. In the event other matters are submitted, it will mean a thirty-day session.

22 PERSONS KILLED IN ARKANSAS STORMS

At Least 100 are Injured and Great Property Damage in Northwestern Section.

Little Rock, Ark., April 19.—Twenty-two unknown dead, at least 100 injured and an immense property liss were the results of a series of tornadoes that swept through Northwestern Arkansas late Sunday night. swept sec E E ES EEEEE EESSSSS

Communication with the storm-swept section, all of which is located in the Ozark hills, is difficult at best and as a result of the storm the limited means of communication are greatly crippled. It is feared that many persons were killed and injured in addition to those already reported. An unconfirmed report from Blaine, Logan county, told of twenty persons being killed there.

Apparently the tornado twisted its way through Yell, Logan, Franklin, and Johnson counties in Western Arkansas, then leaped across an adjoining county to strike down in Boone, located in the northern-most tier of Arkansas counties. Yell county bore the brunt of the storm yith eighteen deaths reported. Two entire families were wiped out in the Harkeys' Valley community of Yell County. Mr. and Mrs. Charles Howe and their four children and Dan Howe, father of Charles Howe, met death in the ruins of their home. The only survivor of the family was a baby, who was caried 200 yards by the wind and, unharmed, deposited between two uprooted pine trees. An uncle of Charles Howe who lived close by, was severely injured.

A woman named Mrs. Brock and her five children were killed when their home in Harkeys' Valley was demolished. The husband's father was in Oklahoma.

The list of dead so far as reported is as follows:

Harkey's Valley, Yell County: Mr. and Mrs. Chas. Howe and four children and Dan Howe; Mrs. Brock's five children; Mrs. B. W. Bell and son, John Bell, and a man named Murphy.

Mrs. Mike Teague near Belleville, Yell County.

Mrs. Charles Zachry and three children, Hickorytown, Johnson county.

The serious injured include H. D. Williams and Mrs. Ben Mans of St. Jo, a young man named Bell at Harkey's Valley; John Howe, grother of C. H. Howe; Reeder Griffith, wife and two children, near Belleville; Jasper Sheldon, wife and two children, near Blaine; George Ralston, wife and two children; M. E. Williams, wife and two children, between Blaine and Belleville.

—o-o—

POSTED PRICES AND FINAL SELLING PRICES

To the Editor of The Chronicle.

In the Chronicle of the 10th you quoted cotton at 43.25 cents for middling. On the same day I received a letter from a cotton firm in Houston stating that 40.50 was all they could get for middling cotton. Will you please tell me through The Chronicle why this discrepancy of $15 per bale between the quoted market and the market? It is doing a great deal of harm in that shippers will lose confident in your Houston cotton men.

Yours respectfully,
W. C. Barnes.

Franklin, Texas, April 12.

A prominent Houston cotton man gives this explanation: "The price is held up for insurance purchases and also to reflect what should be the price were there any demand. If middling were cut drastically it would cause a drop in futures which would be injurious to cotton producers. The holding up of spot prices, even in the face of lack of demand, has the effect of sustaining futures, which respond quickly to any weakness or firmness in spot prices. Galveston and Dallas markets are held even higher than Houston, yet it is known that middling cotton lately has been sold in Galveston as low as 28 cents." So far as the Chronicle is concerned, it quotes the prices as posted day by day at the exchange.

—o-o—

WOMEN WANT TO WEAR OVERALLS.

Drastic Plan to Cut Down Price of Clothing Grows in Popularity.

Dallas, Texas, April 15.—Women working in the offices of the Texas and Pacific railroad here today asked the district attorney for permission to don overalls along with the men in the office who have formed an overall club. This office force approximates 800 people.

City employes, numbering 800 have petitioned the city commission to declare blue overalls the official city employe's garb, while approximately 200 employes of the Western Union men and women, are pledged to wear overalls while at work.

East St. Louis, Ill., April 15.—An overall club has been formed here by 150 persons. The rules of the club require its members to wear denims on all days except Sundays.

Muskogee, Okla., April 15.—An overall club was organized here today with an initial membership of more than 250 composed principally of federal employes and office employes of the Missouri, Kansas and Texas railroad.

Detroit, Mich., April 15.—Several thousand members of the Loyal Order of Moose donned overalls today pursuent to a resolution adopted last night calling upon the 8000 local members to wear rough raiment until prices of clothing decline. The resolution also endorsed a boycott on the use of potatoes, launched several days ago as a protest against high prices.

Piling Up Happiness

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

SEEKING OIL LANDS FOR INDIAN WARDS

Another Move Made in Fight Over Valuable Land in Red River Bed.

Oklahoma City, April 15.—Action by the government to gain title for its Indian wards to valuable tracts of oil land in the Red River bed was begun today by John A. Fain, assistant United States Attorney General, who today filed suit in the federal district court here asking that all persons now holding this property be enjoined from continuing developments and that a receiver be appointed for the river bed allotments not included in the receivership already provided by the federal supreme court.

Haring on the application was set for 10 o'clock on the morning of May 10, in the federal district court here. A judge to hear the case has not yet been assigned.

The government is acting for forty-eight of its Indian wards of the Kiowa, Comanche and Apache tribes who were allotted acreage in the river bed. Ninety-eight defndants are named in the petition, including individuals and companies.

Washington, April 15.—Frederick A. Delano, of Chicago, appointed by the supreme court as receiver in the Red river valley oil land controversy between Oklahoma and Texas, qualified today by filing bonds for $100,000.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

April 20th.—Mrs. Virg. Winford and little girls of near Granger, were in our community Friday.

Miss Mary Reeves of Thorndale, was the guest of Miss Fay Felton Sunday.

Miss Ora Yeager was home from Thrall to spend the week here with her sisters.

J. R. Foster and wife of Rockdale, were in this vicinity Sunday.

Little Miss Mozelle Locklin is listed with the sick at present writing.

Miss Lola Kirkman came out from Thorndale and was at home here with her parents, through Saturday and Sunday.

Rev. Ferguson of Waco filled his appointment at the Baptist church in San Gabriel Saturday night and Sunday.

Rev. Johnnie Moore preached in Watson Branch community Sunday.

Mesdames Summerlin, Peebles, Mosley and Misses Gladys and Ruth Summerlin were here from Thorndale Sunday attending services.

Dr. Kirkpatrick and family of Thrall were visitors in our little village Thursday afternoon.

Dr. Ellis of the State University, is programed to address the people in connection with the Parent-Teachers' Association at San Gabriel School Auditorium Tuesday night of this week.

Harold Kirkman is possessor of a handsome new Dodge automobile.

Mr. Walter Clark purchased and moved the little music room on the school grounds and is turning it into a garage in which to house the auto that he expects to purchase soon.

The little baby girl of Mr. and Mrs. Will Lee drank kerosene last Wednesday. She was immediately hurried to Dr. Crockett of Thorndale who administered and the little one was soon herself again.

H. M. Campe was in Cameron last Wednesday.

F. M. Amason was in the county capital one day last week.

Johnnie Faulkner tuned a piano for Mrs. H. M. Camp last week. He did most excellent work.

zMesdames Fannie Norman and Jno. Echols and others from Thorndale were through our village Wednesday en route to Cameron.

Brian Woody of Temple was a guest of relatives here part of last week.

Mrs. A. M. Camp is on a visit to her daughter, Mrs. Howard Amason and other relatives in Austin.

J. D. Griffith was in Cameron Wednesday.

Mr. and Mrs. J. D. McNeil and boys of Rockdale visited in this neighborhood Sunday.

Miss Virgie Winford was in Rockdale one day last week.

Mrs. Todd of Austin, has been a visitor in the home of her daughter, Mrs. Lanham Clark.

Mesdames Lena Johnson and Hattye Gilchrist went to Marlin the latter part of last week to visit their husband and brother, Mr. Tamp Johnson, who is in that city for his health.

Mrs. Frank Clement, Jr., of Austin, left for her home in Austin Friday, after visiting homefolks here.

Harry Gamble is in a sanitarium in Temple recovering from some operation of the head. We hope he can soon be able to return home and mingle with friends once more.

Mr. and Mrs. Leo Wilkerson and infant daughter of Cameron, visited their gardparents here, Mr. and Mrs. W. H. Clark, Sunday.

Mr. and Mrs. Jim McMillan, Mr. and Mrs. Will Lee and Mr. and Mrs. Malcolm Gilchrist attended the closing exercises of the Davilla school last Saturday evening.

Miss Jewel Guthrie spent last week end with her grandmother in Rockdale.

Mr. and Mrs. Tamp Daniels were in Taylor Saturday.

E. L. Rasberry and lady were over Thorndale Sunday.

Mrs. Ed Sharp and sons and Willie and Mrs. Server of Waco motored to our community last week to visit J. G. Stigall and family and other relatives,

Mrs. Birdie Adams and niece, little Geraldine Dunham were shopping in Taylor Saturday.

Mr. and Mrs. T. P. Guthrie and Mr. and Mrs. Ted Adams attended a show in Rockdale Friday night.

17,500,00 WOMEN VOTERS

Regardless of whether the federal amendment giving the women the right to vote is ratified before the presidential election or not there are now about 17,500,000 women who can vote because of the rights conferred upon them by their states.

The fact that women can vote means a wholesome effect upon American politics. Men will have to pay more regard to the higher principles of morality and the welfare of the State than hitherto if they are to secure the vote of the majority of women.

Among the evils that will be corrected more properly through the political influence of women may be classed those regarding, liquor immorality, children, and other needed social reforms.

DALLAS COLD DRINK DISPENSERS PROPOSE ADVANCE

Increase in price of ice over one year ago, 20c a hundred pounds; laundry, 50 per cent; labor, 40 to 50 per cent; sugar, 40 to 50 per cent. These are cited by dispensers of cold drinks in Dallas, together with the advanced wholesale price of a popular beverage since this time last year, as justification for a proposed sharp advance in the price the consuming public will be required to pay.

Inquiry, yesterday among downtown "soda fountains" revealed that the price of the drink in most cases will be advanced soon from 6c to 11c. One well-known druggist announced that he will begin today charging 10c, preferring the even price to that involving the odd cent.

Advices from Austin yesterday were to the effect that the attention of the Attorney General's Deparment has been directed to a simultaneous and exact increase in the price of the beverages by dispensers in the Capital City, the price at all places jumping from 6c to 11c on the same day. The same beverage is being sold by a blind man operating the Capitol Confectionery stand at 7c a bottle, it was said.

Furniture

——Just unloaded a car of——

DRESSERS,
CHIFFOROBES,
CHIFFONIERS,
KITCHEN CABINETS,
ROCKERS, BEDS,
TABLES

and many things which you will need for the new house to brighten up the old one.

Our prices are right and we are always glad to show you.

Building Your Character

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you momentary returns from your investment but it returns a dividend in good reputation.
